Introduction to the OSCB Cumulative Index

This index cumulates material found in the OSC Bulletin (Volume 28) for the period January - December, 2005, inclusive.

Indexed material includes the text content of chapters 1-6, 9, 13 and 25 as well as the tabular content of chapters 4, 12 and 25. With regard to the text chapters only the bold type material which introduces each order, ruling, decision, etc., is indexed. This is done in sufficient depth so that all corporate or personal names included are indexed. Uniform headings were created to gather OSC Policies under "OSC Policy XX", National Policy Statements under "National Policy Statement X" and amendments to the Securities Act of Ontario under "Securities Act, Amendments". The tabular content of chapters 4, 12 and 25 is indexed by corporate name alone.

Index entries are arranged alphabetically. Each index entry includes an action of concern, a statutory instrument cited (if applicable) and finding information consisting of the issue number, issue date and page number.
