The OSC Bulletin is published weekly by Carswell, under the authority of the Ontario Securities Commission.

Subscriptions are available from Carswell at the price of \$549 per year.

Subscription prices include first class postage to Canadian addresses. Outside Canada, these airmail postage charges apply on a current subscription:

U.S. \$175 Outside North America \$400

Single issues of the printed Bulletin are available at \$20 per copy as long as supplies are available.

Carswell also offers every issue of the Bulletin, from 1994 onwards, fully searchable on SecuritiesSource[™], Canada's pre-eminent web-based securities resource. SecuritiesSource[™] also features comprehensive securities legislation, expert analysis, precedents and a weekly Newsletter. For more information on SecuritiesSource[™], as well as ordering information, please go to:

http://www.westlawecarswell.com/SecuritiesSource/News/default.htm

or call Carswell Customer Relations at 1-800-387-5164 (416-609-3800 Toronto & Outside of Canada)

Claims from bona fide subscribers for missing issues will be honoured by Carswell up to one month from publication date.

Space is available in the Ontario Securities Commission Bulletin for advertisements. The publisher will accept advertising aimed at the securities industry or financial community in Canada. Advertisements are limited to tombstone announcements and professional business card announcements by members of, and suppliers to, the financial services industry.

1.1.2 CSA Notice 51-322 Reporting Issuer Defaults

CANADIAN SECURITIES ADMINISTRATORS NOTICE 51-322 REPORTING ISSUER DEFAULTS

Purpose of notice

The Canadian securities regulatory authorities have developed a harmonized list of deficiencies that will generally result in a reporting issuer being noted in default of the securities laws of a particular jurisdiction. This notice describes those deficiencies.

Categories of default

The circumstances under which the securities regulatory authorities will consider a reporting issuer to be in default are:

- 1. The reporting issuer has failed to file the following continuous disclosure prescribed by securities laws:
 - (a) annual financial statements;
 - (b) interim financial statements;
 - (c) annual or interim management's discussion and analysis (MD&A) or annual or interim management report of fund performance (MRFP);
 - (d) annual information form (AIF);
 - (e) certification of annual or interim filings under Multilateral Instrument 52-109 Certification of Disclosure in Issuers' Annual and Interim Filings (MI 52-109);
 - (f) proxy materials or a required information circular;
 - (g) issuer profile supplement on the System for Electronic Disclosure By Insiders (SEDI);
 - (h) material change report;
 - (i) written update after filing a confidential report of a material change;
 - (j) business acquisition report;
 - (k) annual oil and gas disclosure prescribed by National Instrument 51-101 Standards of Disclosure for Oil and Gas Activities (NI 51-101) or technical reports for a mineral project required under National Instrument 43-101 Standards of Disclosure for Mineral Projects (NI 43-101);
 - (I) mandatory news release;
 - (m) corporate governance disclosure as required by National Instrument 58-101 *Disclosure of Corporate Governance Practices*;
 - (n) audit committee disclosure as required by Multilateral Instrument 52-110 *Audit Committees* or BC Instrument 52-509 *Audit Committees*; or
 - (o) disclosure in an issuer's MD&A relating to disclosure controls and procedures and their effectiveness that is referred to in a certificate filed under MI 52-109.
- 2. The reporting issuer's continuous disclosure is deficient because:
 - (a) the financial statements of the reporting issuer, or the auditor's report accompanying the financial statements, do not comply with the requirements of National Instrument 51-102 Continuous Disclosure Obligations (NI 51-102), National Instrument 81-106 Investment Fund Continuous Disclosure (NI 81-106) or National Instrument 52-107 Acceptable Accounting Principles, Auditing Standards and Reporting Currency;
 - (b) the reporting issuer has acknowledged that its financial statements, or the auditor's report accompanying the financial statements, may no longer be relied upon;

- (c) the reporting issuer's AIF, MD&A, MRFP, information circular or business acquisition reports do not contain information for each of the content items required by NI 51-102 or NI 81-106; or
- (d) the reporting issuer's technical disclosure or other reports do not comply with the disclosure requirements of NI 43-101 or NI 51-101.
- 3. The reporting issuer has failed to pay a fee required by securities laws.
- 4. The reporting issuer has failed to comply with any other requirement related to continuous disclosure.

Lists of defaulting reporting issuers

Certain securities regulatory authorities maintain lists that identify those reporting issuers that have been noted in default in the relevant jurisdiction. The lists identify the name of the reporting issuer, and the nature and description of the default. The lists, together with the harmonized categories of default and nomenclature used to identify each category, can be found on the following websites:

www.bcsc.bc.ca www.albertasecurities.com www.sfsc.gov.sk.ca www.msc.gov.mb.ca www.osc.gov.on.ca www.lautorite.qc.ca www.nbsc-cvmnb.ca www.gov.ns.ca/nssc

Certain securities regulatory authorities have also published policies or notices containing information relating to defaults by reporting issuers. These local polices or notices are:

Alberta: Alberta Securities Commission Policy 51-601 – Reporting Issuers List
Saskatchewan: Saskatchewan Policy Statement 51-601 – Reporting Issuers in Default
Manitoba: Manitoba Securities Commission Local Policy 51-601 – Reporting Issuers List
Ontario: Ontario Securities Commission Policy 51-601 – Reporting Issuer Defaults

Quebec: AMF Notice on Reporting Issuer Defaults

New Brunswick: New Brunswick Securities Commission Policy 51-601 – Reporting Issuers List

1.1.3 OSC Staff Notice 11-759 – Business Continuity Planning

OSC STAFF NOTICE 11-759 BUSINESS CONTINUITY PLANNING

Business continuity is an ongoing priority for financial industry participants and financial regulatory authorities. Recent acts of terrorism, the 2003 outbreaks of Severe Acute Respiratory Syndrome (SARS), the Avian Flu, and various widespread natural disasters have served to heighten that priority by underlining the substantial risk of major operational disruptions to the financial system.

The Ontario Securities Commission (OSC) is part of the global efforts to identify the challenges and address the potential impact of any incidents that could disrupt normal business operations.

To aid the financial community's efforts in developing sound business continuity practices, the International Joint Forum¹ published a paper in August 2006 entitled *High-Level Principles for Business Continuity.*² In the paper, the Joint Forum states that financial regulatory authorities and financial industry participants have a shared interest in promoting the operational integrity of the financial system to major disruptions. This interest is the result of multiple factors, including:

- the pivotal role that financial intermediation plays in facilitating and promoting national and global economic activity;
- the concentration of clearing and settlement processes in most financial systems;
- deepening interdependencies among financial industry participants within and across jurisdictions; and
- the importance of public confidence in the ability of financial systems to function smoothly.

The Joint Forum paper defines business continuity management as "... a whole-of-business approach that includes policy, standards and procedures for ensuring that specified operations can be maintained or recovered in a timely fashion in the event of a disruption". It also indicates that "... effective business continuity management concentrates on the impact, as opposed to the source, of

the disruption, which affords financial industry participants and financial authorities greater flexibility to address a broad range of disruptions".

OSC Staff believe that financial industry participants as well as financial regulatory authorities should regularly test their business continuity plans, evaluate their effectiveness, and update their business continuity management.

The paper is a revised version of the draft issued for consultation in December 2005. The paper is available on the websites of the Bank for International Settlements (BIS), the International Organization of the Securities Commission (IOSCO) and the International Association of Insurance Supervisors (IAIS).

1.1.4 Merax Resource Management Ltd. et al.

IN THE MATTER OF THE SECURITIES ACT, R.S.O. 1990, c. S.5, AS AMENDED

AND

IN THE MATTER OF
MERAX RESOURCE MANAGEMENT LTD.,
carrying on business as
CROWN CAPITAL PARTNERS,
RICHARD MELLON AND ALEX ELIN

AMENDED STATEMENT OF ALLEGATIONS OF STAFF OF THE ONTARIO SECURITIES COMMISSION

Staff of the Ontario Securities Commission ("Staff") make the following allegations:

The Respondents

- Crown Capital Partners ("CCP") is the registered business name in Ontario of Merax Resource Management Ltd. ("Merax"), a federally incorporated entity.
- CCP operated from offices in Toronto, Ontario belonging to a company, Cahara Corp. ("Cahara"). Cahara is incorporated both federally and in the province of Ontario.
- Richard Mellon ("Mellon") is a resident of Toronto, Ontario, the sole director of Cahara and one of the two directors of Merax.
- Alex Elin is also a resident of Toronto, Ontario and the other director of Merax.
- 5. The directing minds of CCP are Mellon and Elin.
- 6. CCP, Cahara and Merax are not registered in any capacity with the Ontario Securities Commission (the "Commission") nor are any of them reporting issuers in Ontario.
- 7. Neither Mellon nor Elin are registered in any capacity with the Commission.

Sale of Securities by CCP in Karp Mineral Resources and Legacy Mining Corp.

8. From January 2003 to November 2004, it was represented to investors that CCP was acting as an underwriter and agent for two Ontario mining companies: Karp Mineral Resources Inc. ("Karp") and Legacy Mining Corp. ("Legacy"). Karp is a subsidiary of Claim Lake Resources ("Claim"), a junior Ontario mining firm trading on the Canadian Unlisted Board ("CUB"). Securities on the CUB are unlisted and not quoted but can be bought and

traded through brokers registered with the CUB. Legacy is a fictitious company.

(i) Karp

- Late in 2002, CCP purchased 2 million shares of Karp at 2.5 cents per share.
- 10. Some of these shares in Karp were sold by CCP to investors, mostly from Europe. Employees of CCP made prohibited representations to these investors including representations regarding the pending initial public offering of Karp and the potential share price of Karp shares upon such an offering.
- Investors were also misled about the extent of the mining operations of Karp by employees of CCP.
- Shares in Karp were offered to the investors by employees of CCP at prices ranging from \$1.00 to \$1.50 per share.
- 13. Investors were directed to send any correspondence to an address in Geneva, Switzerland that purported to be the offices of CCP. This address was the premises of Regus Business Centre ("Regus") and was a virtual office for CCP.
- 14. This virtual office sent all correspondence received from investors to a post office box in Toronto rented by Elin. Phone calls were also forwarded to numbers registered to Cahara. Similarly, employees of CCP sent promotional materials to Regus in Switzerland for mailing to European investors.
- Investors who purchased shares in Karp were provided wire instructions to forward the funds via the Bank of America to an account at TD Canada Trust in the name of CCP.
- 16. In reality, Karp was not about to embark on an initial public offering and its exploration operations were very limited. Karp has never filed a preliminary prospectus or a prospectus with any securities regulator.

(ii) Legacy

- Nonetheless, some of the investors who had purchased shares in Karp were contacted by CCP some months after their purchase and were told that in order to realize any gains in their Karp shares, these shares had to be sent back to CCP along with additional funds in exchange for shares in Legacy.
- Some investors did send CCP more money and their shares in Karp and received shares in Legacy.

- 19. Similar to the representations regarding the sale of shares in Karp, employees of CCP made prohibited representations to these investors including representations regarding the pending initial public offering of Legacy. In addition, the investors were informed by parties from CCP that Legacy was an ongoing and successful mining exploration firm.
- Investors were also directed by parties from CCP to a website (www.legacyminingcorp.com) for more information about Legacy. The text and content for this website was provided by Mellon.
- 21. The information posted on this website cannot be verified and portions of the website appeared to have been lifted directly from other mining companies' websites.

Funds Received from the Sale of Securities by CCP in Karp and Legacy

- Accounts under the name of Merax and CCP were set up for receipt of these funds at TD Canada Trust by Elin and Mellon.
- 23. These accounts received over \$500,000 from these sales of shares in Karp and Legacy. To date, none of the persons who sent CCP funds for shares in Karp and/or Legacy have received anything of value in return.

Conduct Contrary to the Public Interest

- 24. By trading in securities without registration, making prohibited representations respecting securities and engaging in an illegal distribution of securities, the actions of the Respondents are contrary to sections 25, 38 and 53 of the Securities Act, R.S.O. 1990, c. S.5, as amended and to the public interest.
- Staff reserves the right to make such further and other allegations as Staff may submit and the Commission may permit.

DATED AT TORONTO this 7th day of December 2006

1.1.5 Notice of Commission Approval – Repeal of CNQ Rule 10 – Sales Practice

CANADIAN TRADING AND QUOTATION SYSTEM INC. (CNQ)

REPEAL OF RULE 10 - SALES PRACTICE

NOTICE OF COMMISSION APPROVAL

On December 22, 2006 the Commission approved the repeal of CNQ Rule 10 regarding sales practice. The proposal to repeal Rule 10 was published for comment on July 21, 2006, at (2006) 29 OSCB 6100. One informal email was received during the comment period supporting the repeal of the Rule.

1.3 News Releases

1.3.1 Canadian Regulators Seek Comment on Proposed Policy for Revoking a Cease Trade Order

For Immediate Release January 05, 2007

CANADIAN REGULATORS SEEK COMMENT ON PROPOSED POLICY FOR REVOKING A CEASE TRADE ORDER

Calgary - The Canadian Securities Administrators (CSA) is seeking comments from the public on proposed National Policy 12-202 *Revocation of a Compliance-related Cease Trade Order*. The CSA developed this policy to harmonize and streamline the process to revoke or vary a Cease Trade Order.

The policy applies in all jurisdictions and outlines what issuers, security-holders or other parties must do to apply for a partial or full revocation of a compliance-related Cease Trade Order. A Securities Commission issues a Cease Trade Order to halt trading in company shares for a predetermined or an indefinite period of time.

"Stakeholders told us different policies and practices in various jurisdictions make the current system confusing," said Jean St-Gelais, Chair of the CSA and President & Chief Executive Officer of the Autorité des marchés financiers (Québec). "The proposed policy aims to address these concerns by harmonizing and streamlining the process."

The proposed CSA National Policy 12-202 Revocation of a Compliance-related Cease Trade Order is available on various CSA members' websites.

The comment period is open from January 5, 2007 to March 6, 2007.

The CSA, the council of the securities regulators of Canada's provinces and territories, co-ordinates and harmonizes regulation for the Canadian capital markets.

Decisions, Orders and Rulings

2.1 Decisions

2.1.1 Canadian Closed-End Trust - MRRS Decision

Headnote

Mutual Reliance Review System for Exemptive Relief Applications – exemption granted to permit a fund that uses specified derivatives to calculate its NAV once per week and once quarterly subject to certain conditions – relief needed from the requirement that an investment fund that uses specified derivatives must calculate its NAV daily – relief not prejudicial to the public interest because the NAV will be posted on a website and the units of the investment fund are expected to be listed on the TSX which will provide liquidity for investors – National Instrument 81-106 Investment Fund Continuous Disclosure.

Applicable Legislative Provisions

National Instrument 81-106 Investment Fund Continuous Disclosure, ss. 14.2(3)(b), 17.1.

December 15, 2006

IN THE MATTER OF
THE SECURITIES LEGISLATION OF
BRITISH COLUMBIA, ALBERTA, SASKATCHEWAN,
MANITOBA, ONTARIO, QUÉBEC, NOVA SCOTIA,
NEW BRUNSWICK, NEWFOUNDLAND AND
LABRADOR, YUKON, NORTHWEST TERRITORIES
AND NUNAVUT
(the "Jurisdictions")

AND

IN THE MATTER OF
THE MUTUAL RELIANCE REVIEW SYSTEM
FOR EXEMPTIVE RELIEF APPLICATIONS

AND

IN THE MATTER OF CANADIAN CLOSED-END TRUST (the "Trust")

MRRS DECISION DOCUMENT

Background

The local securities regulatory authority or regulator (the "Decision Maker") in each of the Jurisdictions has received an application from the Trust for a decision under the securities legislation of the Jurisdictions (the "Legislation") for an exemption from the requirement contained in section 14.2(3)(b) of National Instrument 81-106 — Investment

Fund Continuous Disclosure ("NI 81-106") to calculate net asset value at least once every business day (the "Requested Relief").

Under the Mutual Reliance Review System for Exemptive Relief Applications:

- the Ontario Securities Commission is the principal regulator for this application, and
- (b) this MRRS decision document evidences the decision of each Decision Maker.

Interpretation

Defined terms contained in National Instrument 14-101 Definitions have the same meaning in this decision unless they are defined in this decision.

Representations

This decision is based on the following facts represented by the Trust:

- 1. The Trust is a closed-end investment trust established under the laws of Ontario. The Trust's manager and trustee is Navina Capital Corp. (the "Manager" or the "Trustee"), and its portfolio advisor is BluMont Capital Corporation (the "Portfolio Manager").
- The Portfolio Manager is a corporation incorporated under the laws of Ontario and is registered as an investment counselor and portfolio manager and mutual fund dealer in the province of Ontario.
- The custodian of the Trust assets is CIBC Mellon.
 The transfer agent of the Trust is Computershare Investor Services Inc.
- 4. The Trust will make an offering to the public, on a best efforts basis, of units of the Trust (the "Units") in each of the provinces and territories of Canada. The Trust is offering to issue its Units in exchange for securities of certain closed-end funds ("Closed-End Funds") listed on the TSX. The Trust filed a preliminary prospectus dated November 8, 2006 in connection with the offering and will file a final prospectus (collectively, the "Prospectus").
- 5. The Units are expected to be listed and posted for trading on the Toronto Stock Exchange (the "TSX"). An application requesting conditional listing approval has been made on behalf of the Trust to the TSX. Since the Units will be listed on

the TSX, investors will not have to rely solely on the redemption feature of the Units to provide liquidity for their investment.

- The Portfolio Manager intends to implement the Trust's investment strategy primarily by trading Closed-End Funds listed on the TSX.
- 7. The Trust's investment objectives are: (a) to pay monthly cash distributions on the Units to holders of Units ("Unitholders"); and (b) to preserve and potentially enhance the value of the portfolio.
- 8. The Trust is not considered to be a "mutual fund" because the Unitholders are not entitled to receive on demand an amount computed by reference to the value of a proportionate interest in the whole or in part of the net assets of the Trust as contemplated in the definition of "mutual fund" in the applicable securities legislation. Accordingly, the Trust will be a "non-redeemable investment fund" as defined in NI 81-106.
- 9. The Trust proposes to calculate its net asset value per Unit on the Thursday of each week of the fiscal year (or if Thursday is not a business day, the immediately preceding business day), and on the last business day of each month in March, June, September and December (a "NAV Valuation Date"). Net asset value will be calculated as of each NAV Valuation Date by subtracting the aggregate amount of the Trust's liabilities from its total assets. The preliminary prospectus discloses and the final prospectus will disclose how the Trust will calculate net asset value.
- 10. The Trust intends to make monthly cash distributions to be declared payable to Unitholders of record on the last business day of each month and to be paid on or before the 15th day of the following month. The monthly distribution amount for the 12 months ending on December 31, 2007 will be \$0.0583 per Unit per month, representing a yield of 7.0% per annum based on the original issue price of the Units.
- 11. The Trust does not have a fixed termination date but may be terminated on any date specified in an extraordinary resolution of Unitholders, provided that such date must be at least 90 days after the date of the Unitholder meeting at which the extraordinary resolution was approved, or on 60 days notice by the Trustee if the Trustee determines that it is no longer economically practical to continue the Trust or the Trustee determines that it is in the best interests of the Trust and the Unitholders to terminate the Trust.
- Subject to certain exceptions, a Unitholder who surrenders a Unit for redemption on the last business day of June of any year commencing in

2008 will receive payment therefore which is based on the net asset value per Unit.

Decision

Each of the Decision Makers is satisfied that the test contained in the Legislation that provides the Decision Maker with the jurisdiction to make the decision has been met. The Decision of the Decision Makers under the Legislation is that the Requested Relief is granted provided that the Prospectus discloses:

- (a) that the net asset value calculation is available to the public upon request; and
- (b) a toll-free telephone number or website that the public can access to obtain the net asset value;

for so long as:

- (c) the Units are listed on the TSX; and
- (d) the Trust calculates its net asset value at least weekly.

Dear Sirs/Mesdames:

Re:

ACS Media Income Fund (the "Applicant") -Application to Cease to be a Reporting Issuer under the securities legislation of Ontario, Alberta, Saskatchewan, Manitoba, Quebec, New Brunswick. Nova Scotia and Newfoundland and Labrador (collectively, the "Jurisdictions")

The Applicant has applied to the local securities authority or regulator (the "Decision Maker") in each of the Jurisdictions for a decision under the securities legislation (the "Legislation") of the Jurisdictions to be deemed to have ceased to be a reporting issuer in the Jurisdictions.

As the applicant has represented to the Decision Makers that:

- (i) the outstanding securities of the Applicant, including debt securities, are beneficially owned, directly or indirectly, by less than 15 security holders in each of the jurisdictions in Canada and less than 51 security holders in total in Canada:
- (ii) no securities of the Applicant are traded on a marketplace as defined in National Instrument 21-101 Marketplace Instrument:
- (iii) the Applicant is applying for relief to cease to be a reporting issuer in all of the jurisdictions in Canada in which it is currently a reporting issuer; and
- (iii) the Applicant is not in default of any of its obligations under the Legislation as a reporting issuer,

each of the Decision Makers is satisfied that the test contained in the Legislation that provides the Decision Maker with the jurisdiction to make the decision has been met and orders that the Applicant is deemed to have ceased to be a reporting issuer.

Attention: Andrew Kingsmill

Dear Sir:

Re: Extendicare Inc. (the "Applicant") - Application to Cease to be a Reporting Issuser under the securities legislation of Ontario, Alberta, Saskatchewan, Manitoba, Quebec, New Brunswick, Nova Scotia and Newfoundland

and Labrador, (the "Jurisdictions")

The Applicant has applied to the local securities regulatory authority or regulator (the "Decision Maker") in each of the Jurisdictions for a decision under the securities legislation (the "Legislation") of the Jurisdictions to be deemed to have ceased to be a reporting issuer in the Jurisdictions.

As the Applicant has represented to the Decision Makers that,

- the outstanding securities of the Applicant, including debt securities, are beneficially owned, directly or indirectly, by less than 15 security holders in each of the jurisdictions in Canada and less than 51 security holders in total in Canada;
- no securities of the Applicant are traded on a marketplace as defined in National Instrument 21-101 Marketplace Operation;
- the Applicant is applying for relief to cease to be a reporting issuer in all of the jurisdictions in Canada in which it is currently a reporting issuer; and
- the Applicant is not in default of any of its obligations under the Legislation as a reporting issuer.

each of the Decision Makers is satisfied that the test contained in the Legislation that provides the Decision

Maker with the jurisdiction to make the decision has been met and orders that the Applicant is deemed to have ceased to be a reporting issuer.

NEW BRUNSWICK
(the Jurisdictions)

AND

IN THE MATTER OF THE MUTUAL RELIANCE REVIEW SYSTEM FOR EXEMPTIVE RELIEF APPLICATIONS

AND

IN THE MATTER OF AASTRA TECHNOLOGIES LIMITED (the Filer)

MRRS DECISION DOCUMENT

Background

1. The local securities regulatory authority or regulator (the Decision Maker) in each of the Jurisdictions has received an application from the Filer for a decision under the securities legislation of the Jurisdictions (the Legislation) that, in connection with the proposed purchase by the Filer of a portion of its outstanding common shares (Shares) pursuant to an issuer bid (the Offer), the Filer be exempt from the requirements in the Legislation:

- (a) to take up and pay for securities proportionately according to the number of securities deposited by each security holder;
- (b) to provide disclosure in the issuer bid circular (the Circular) of the proportionate take-up and payment;
- (c) to state the number of securities sought under the Offer (the Number of Securities Requirement); and
- (d) except in Ontario and Quebec, to obtain a valuation of the Shares and provide disclosure in the Circular of the valuation, or a summary thereof (the Valuation Requirement)

(collectively, the Requested Relief).

Under the Mutual Reliance Review System for Exemptive Relief Applications

- the British Columbia Securities Commission is the principal regulator for this application;
 and
- (b) this MRRS decision document evidences the decision of each Decision Maker.

Interpretation

 Defined terms contained in National Instrument 14-101 Definitions have the same meaning in this decision unless they are defined in this decision.

Representations

- This decision is based on the following facts presented by the Filer:
 - 1. the Filer is a reporting issuer or the equivalent in each of the Jurisdictions;
 - the Filer is not in default of any requirement of the Legislation and is not on the list of defaulting reporting issuers maintained under the Legislation, where applicable;
 - the Filer was incorporated as Patseek Capital Inc. under the Canada Business Corporations Act by articles of incorporation dated April 6, 1995;
 - 4. the Filer's authorized capital consists of an unlimited number of Shares and an

unlimited number of preferred shares, of which approximately 16.9 million Shares were issued and outstanding as at November 2, 2006;

- the Shares are listed and posted for trading on the Toronto Stock Exchange (the TSX);
- to the best of the Filer's knowledge, no person or company holds more than 10% of the Shares:
- on November 2, 2006, the closing price of the Shares on the TSX was \$31.00 and on that date the Shares had an aggregate market value of approximately \$524 million, based on the closing price;
- 8. the Filer intends to conduct the Offer by a modified Dutch auction procedure (the Dutch Auction), as follows:
 - the Circular will specify that the maximum amount the Filer will expend under the Offer is \$64 million (the Specified Amount);
 - (b) the Circular will specify the range of prices within which the Filer is prepared to purchase the Shares (the Price Range);
 - (c) each holder of Shares (collectively, the Shareholders) wishing to tender to the Offer will have the right either to:
 - (i) specify the lowest price within the Price Range at which that Shareholder is willing to sell its tendered Shares (an Auction Tender), or
 - (ii) not specify a price but elect to be deemed to have tendered the Shares purchased at the Purchase Price (determined according to subparagraph 8(e) below) (a Purchaser Price Tender);
 - (d) the aggregate dollar amount the Filer will expend under the Offer will remain variable until the Purchase Price is determined and the pro-rating is calculated in accordance with the

- procedures outlined on subparagraph 8(i) below;
- the price per Share (Purchase (e) Price) for the Shares tendered to the Offer and not withdrawn will be the lowest price that will enable the Filer to purchase the maximum number of Shares that may be purchased with the Specified Amount, and it will be determined based upon the number of Shares tendered and not withdrawn pursuant to an Auction Tender at each price within the Price Range and tendered and not withdrawn pursuant to a Purchase Price Tender, with each Purchase Price Tender being considered a tender at the lowest price within the Price Range for the purpose of calculating the Purchase Price:
- (f) all Shares tendered at prices above the Purchase Price will be returned to the appropriate Shareholders:
- (g) all Shares tendered at or below the Purchase Price will be taken up and paid for at the Purchase Price;
- (h) all Shares tendered and not withdrawn by Shareholders who fail to specify any tender price for those tendered Shares or fail to indicate that they have tendered their Shares pursuant to a Purchase Price Tender will be considered to have been tendered pursuant to a Purchase Price Tender:
- if the aggregate Purchase Price (i) for Shares validly tendered to the Offer and not withdrawn exceeds the Specified Amount, the Filer will purchase the tendered Shares on a pro rata basis, except that, to prevent "Odd Lot" deposits, the Filer will first purchase and not pro-rate. the Shares properly deposited by each Shareholder who owns fewer than 100 Shares and who all those properly tenders Shares at or below the Purchase Price:

- (j) if the Offer is under-subscribed by the initial expiration date but all the terms and conditions thereof have been complied with except those waived by the Filer, the Filer may extend the Offer for at least 10 days, but the Legislation would require the Filer to first take up and pay for all Shares deposited and not withdrawn. All Shares tendered at that time and not withdrawn will be taken up and paid for at the Purchase Price, which would also be the price applicable for the Offer during the extended bid period; and
- (k) by the time any extended bid period is over, the Offer may be over-subscribed, in which case the Filer intends to pro-rate only among the tendered Shares received during the extension and after the original expiration date (and subject to the exception relating to "Odd Lots" described in (i) above).
- 9. before the expiry of the Offer, all information regarding the number of Shares tendered and the prices at which those Shares are tendered will be kept confidential by the depositary under the Offer, and the depositary will be directed by the Filer to maintain confidentiality until the Purchase Price has been determined:
- 10. since the Offer is for less than all the Shares, if the number of Shares tendered to the Offer exceeds the Specified Amount worth of Shares, the Legislation would require the Filer to:
 - (a) take up and pay for deposited
 Shares proportionately,
 according to the number of
 Shares deposited by each
 Shareholder; and
 - (b) disclose in the Circular that the Filer would, if Shares tendered to the Offer exceeded the Specified Amount worth of Shares, take up the Shares proportionately according to the number of Shares tendered by each Shareholder.
- 11. during the 12-month period before October 31, 2006:

- (a) the number of issued and outstanding Shares was at all times at least 5,000,000, excluding Shares beneficially owned, directly or indirectly, or over which control or direction was exercised, by related parties of the Filer and Shares that were not freely tradeable;
- (b) the aggregate trading volume of the Shares on the TSX was at least 1,000,000 Shares;
- (c) there were at least 1,000 trades in Shares on the TSX;
- (d) the aggregate trading value based on the price of the trades referred to in clause (c) was at least \$15,000,000; and
- (e) the market value of the Shares on the TSX was at least \$75,000,000 for the month of October 2006.
- 12. the \$64 million of its Shares that the Filer wishes to repurchase represents approximately 12.2% of the market capitalization on November 2, 2006, which is only slightly more than twice the average monthly trading value on the TSX;
- 13. the Filer has determined it is reasonable to conclude that, following completion of the Offer, there will be a market for the beneficial owners of Shares who do not tender to the Offer that is not materially less liquid than the market that exists at the time the Offer is made and the Filer intends to rely on the exemptions from the Valuation Requirement in section 3.4(3) of Ontario Securities Commission Rule 61-501 and Regulation Q-27 (the Presumption of Liquid Exemptions):
- 14. the Filer cannot comply with the Number of Securities Requirement because it cannot specify the number of Shares it will acquire under the procedure described in paragraph 8 above; and
- 15. the Circular will:
 - (a) disclose the mechanics for the take-up of and payment for, or the return of, Shares as described in paragraph 8 above;

- (b) explain that, by tendering Shares at the lowest price in the Price Range or under a Purchase Price Tender, a Shareholder can reasonably expect that the Shares so tendered will be purchased at the Purchase Price, subject to pro ration as described in paragraph 8 above;
- (c) disclose the facts supporting the Filer's reliance on the Presumption of Liquid Market Exemptions as updated to the date of the announcement of the Offer; and
- (d) except to the extent exemptive relief is granted by this decision, contain the disclosure prescribed by the Legislation for issuer bids.

Decision

 Each of the Decision Makers is satisfied that the test contained in the Legislation that provides the Decision Maker with the jurisdiction to make the Decision has been met.

The decision of the Decision Makers under the Legislation is that the Requested Relief is granted provided that:

- (a) Shares deposited under the Offer and not withdrawn are taken up and paid for, or returned to Shareholders, in the manner described in paragraph 8; and
- (b) for the Valuation Requirement, the Filer can rely on the Presumption of Liquid Market Exemptions.

AND

IN THE MATTER OF
THE MUTUAL RELIANCE REVIEW SYSTEM
FOR EXEMPTIVE RELIEF APPLICATIONS

AND

IN THE MATTER OF BAM SPLIT CORP. (FORMERLY BNN SPLIT CORP.) (the "Company")

MRRS DECISION DOCUMENT

Background

The local securities regulatory authority or regulator (the "Decision Maker") in each of the Jurisdictions has received an application from the Company for a decision under the securities legislation of the Jurisdictions (the "Legislation") that it be exempt from:

 the concentration restriction contained in subsection 2.1(1) of National Instrument 81-102-Mutual Funds ("NI 81-102") to enable the Company to invest all or substantially all of its net assets in shares of Brookfield Asset Management Inc. ("Brookfield"); and

the requirement contained in subsection 10.4(3) that a mutual fund shall pay the redemption price of a security in the currency in which the net asset value per security of the redeemed security was denominated or by making good delivery to the securityholder of portfolio assets to enable the Company to pay the retraction price for Class AA preferred shares, series 3 (the "Series 3 Preferred Shares") with debentures of the Company or BAM Investments Corp. ("BAM Investments"), if agreed by BAM Investments.

(the "Requested Relief").

Under the Mutual Reliance Review System for Exemptive Relief Applications (the "MRRS"):

- (a) the Ontario Securities Commission is the principal regulator for this application, and
- (b) this MRRS decision document evidences the decision of each Decision Maker

Interpretation

Defined terms contained in National Instrument 14-101 Definitions have the same meaning in this decision unless they are defined in this decision.

Representations

This decision is based on the following facts represented by the Company:

- The Company was incorporated under the laws of the Province of Ontario on July 13, 2001. The primary undertaking of the Company is to invest in a portfolio of Class A Limited Voting Shares (the "BAM Shares") of Brookfield. The BAM Shares and any cash held by the Company from time to time are the only material assets of the Company.
- 2. The purpose of the Company is to provide a vehicle through which different investment objectives with respect to participation in the BAM Shares may be satisfied. This is accomplished through the issuance of capital shares (the "Capital Shares") and preferred shares (the "Preferred Shares") of the Company. The Class A Preferred Shares and the Class AA Preferred Shares, series 1 of the Company (the "Series 1 Preferred Shares") are listed on the TSX.
- 3. The Company holds the BAM Shares in order to generate fixed cumulative preferential dividends for the holders of the Preferred Shares and to enable the holders of the Capital Shares to participate in any capital appreciation in the BAM Shares. BAM Investments owns all of the outstanding Class A Voting Shares, Class AA Preferred Shares, series 2 (the "Series 2 Preferred

Shares") and all of the Capital Shares of the Company. BAM Investments also owns directly BAM Shares representing approximately 3% of the outstanding BAM Shares. BAM Investments is a reporting issuer whose principal business mandate is to provide its common shareholders with a leveraged investment in the securities of Brookfield. Its principal investments consist of the Capital Shares and BAM Shares.

- 4. The Company is a mutual fund because it is an issuer of securities which entitle the holder to receive an amount computed by reference to the value of a proportionate interest in the whole or part of the net assets of the Company, within a specified period after demand.
- The Company has previously offered to the public by prospectus and has issued and outstanding 5,000,000 Class A Preferred Shares and 3,200,000 Series 1 Preferred Shares.
- 6. The Company previously received an exemption from various requirements under NI 81-102 in each of the Jurisdictions except Quebec in a decision dated August 24, 2001 (the "2001 Decision"). On December 15, 2006, the Decision Maker in Quebec granted the Company the same relief granted in the 2001 Decision. The 2001 Decision included an exemption from the concentration restriction contained in subsection 2.1(1). This exemption was subject to a condition that the Company would not become an insider of Brookfield (the "Insider Condition"). The purpose of the Insider Condition was to make it clear that the Company remained subject to the control restrictions contained in section 2.2 (the "Control Restrictions"). The Company complies and will continue to comply with section 2.2 of NI 81-102.
- 7. The Company intends to commence an offering (the "Offering") of Series 3 Preferred Shares shortly. The Series 3 Preferred Shares will be issued for \$25 and will pay a cumulative, quarterly dividend. The Series 3 Preferred Shares will be retractable at the option of the holder at any time and redeemable at the option of the Company after the fifth anniversary of the Offering. The Series 3 Preferred Shares will be listed on the TSX. Consequently, holders of such shares will not be relying solely on the retraction privilege to provide liquidity for their investment. Company has never received a redemption request in connection with either the Class A or the Series 1 Preferred Shares.
- 8. In lieu of receiving the retraction price in cash, a retracting holder of a Series 3 Preferred Share will receive an unsecured debenture of the Company or, if BAM Investments agrees, an unsecured debenture of BAM Investments (in either case, a "Series 1 Debenture"), with a principal amount equal to the retraction price. Each Series 1

Debenture will have a principal amount of \$25, an interest rate that is 10 basis points higher than the dividend rate on the Series 3 Preferred Shares and a maturity date of twelve years from the date of closing of the Offering, also being the Series 3 Preferred Share Redemption Date. The Series 1 Debentures will be redeemable by the issuer at any time for cash. As a debt security, the Series 1 Debentures will rank ahead of the Preferred Shares.

- 9. The Series 1 Debentures will likely be issued under exemptions from the registration and prospectus requirements under the Legislation. The Series 1 Debentures will not be listed on the TSX. The Company and BAM Investments possess and are expected to possess, based on the Company's current business plan, a similar credit profile with respect to the Series 1 Debentures.
- The Offering will proceed under a short form 10. prospectus that will contain disclosure of the terms of the Series 3 Preferred Shares and the Series 1 Debentures, including the fact that upon retraction a holder of Series 3 Preferred Shares will receive Series 1 Debentures of the Corporation (or, if BAM Investments agrees, BAM Investments) as the retraction consideration. The prospectus will also contain a risk factor relating to the payment of the retraction price in Series 1 Debentures that also explains the Series 1 Debentures will be illiquid investments. The Company will also disclose this risk factor in bold on the cover page to the The tax opinion provided under prospectus. "Canadian Federal Income Tax Considerations" in the prospectus will cover the tax implications of holding and selling Series 1 Debentures. Once entered into, any trust indenture or supplemental trust indenture for the Series 1 Debenture will be filed on SEDAR. The prospectus will also incorporate by reference information on BAM Investments.
- 11. The proceeds of the Offering will be used to acquire additional BAM Shares. The Company will not own in excess of 10% of the BAM Shares. Following the Offering, however, the BAM Shares owned by BAM Investments and the Company, taken together, will be in excess of 10% of the BAM Shares. The Company will therefore be considered an insider of Brookfield by virtue of the definition of insider and the deemed beneficial ownership provisions of the Legislation. The Company will no longer be able to comply with the Insider Condition.
- Other than the relief provided under this Decision or the 2001 Decision, the Company complies with NI 81-102 including the Control Restrictions.

Decision

Each of the Decision Makers is satisfied that the test contained in the Legislation that provides the Decision Maker with the jurisdiction to make the decision has been met

The decision of the Decision Makers under the Legislation is that the Requested Relief is granted for so long as any Preferred Shares issued to the public are listed on the TSX.

"Leslie Byberg" Manager, Investment Funds

2.2 Orders

2.2.1 D. E. Shaw & Co., L.P. - s. 80 of the CFA

Headnote

Section 80 of the Commodity Futures Act (Ontario) – Renewal of previous order (granted December 23, 2003) providing an exemption from the from the adviser registration requirements of subsection 22(1)(b) of the CFA in respect of advising certain non-redeemable investment funds and similar investment vehicles established outside of Canada in respect of trades in commodity futures contracts and commodity futures options primarily traded on commodity futures exchanges outside Canada and primarily cleared through clearing corporations outside Canada, subject to certain terms and conditions.

Fees waived as application only required because amendments to or a rule under the CFA that would have a similar effect as section 7.10 of Rule 35-502 have not yet been adopted.

Statutes Cited:

Commodity Futures Act, R.S.O. 1990, c. C.20, as am., ss. 22(1)(b), 80.

Securities Act, R.S.O. 1990, c. S.5, as am. – Rule 35-502 – Non Resident Advisers.

IN THE MATTER OF THE COMMODITY FUTURES ACT, R.S.O. 1990, CHAPTER C.20, AS AMENDED (the CFA)

AND

IN THE MATTER OF D. E. SHAW & CO., L.P.

ORDER (Section 80 of the CFA)

UPON the application (the **Application**) of D. E. Shaw & Co., L.P. (the **Applicant**) to the Ontario Securities Commission (the **Commission**) for an order, pursuant to section 80 of the CFA, renewing the exemption order granted by the Commission on December 23, 2003, that the Applicant and its directors, officers, and employees acting on its behalf as an adviser (collectively, the Representatives), be exempt, for a period of three years, from the requirements of paragraph 22(1)(b) of the CFA in respect of advising certain non-redeemable investment funds and similar investment vehicles (the Funds), established outside of Canada in respect of trades in commodity futures contracts and commodity futures options primarily traded on commodity futures exchanges outside Canada and primarily cleared through clearing corporations outside Canada;

AND UPON considering the Application and the recommendation of staff of the Commission:

AND UPON the Applicant having represented to the Commission that:

- The Applicant is a limited partnership formed under the laws of the State of Delaware and is registered with the U.S. Securities and Exchange Commission (the SEC) as an investment adviser. The Applicant is also registered with the U.S. Commodities Futures Trading Commission (the CFTC) as a commodity pool operator and is a member of the U.S. National Futures Association.
- The Applicant is registered under the Securities
 Act (Ontario) (the OSA) as an international adviser
 in the categories of investment counsel and
 portfolio manager and is not registered in any
 capacity under the CFA. D. E. Shaw Securities,
 L.L.C., an affiliate of the Applicant, is registered
 under the OSA as an international dealer.
- The Funds invest, or may in the future invest, in commodity futures contracts and commodity futures options primarily traded on commodity futures exchanges outside of Canada and primarily cleared through clearing corporations outside Canada.
- 4. The Applicant is, or in the future may be, the investment manager for the Funds. As such, the Applicant is, or will be, responsible for providing investment advisory services to the Funds.
- 5. The Funds advised by the Applicant will be established outside of Canada. Securities of the Funds will be primarily offered outside of Canada to institutional investors and high net worth investors. Securities of the Funds will be offered only to Ontario residents who qualify as an "accredited investor" under National Instrument 45-106 - Prospectus and Registration Exemptions or will be offered and distributed in Ontario only in reliance upon an exemption from the prospectus requirements of the OSA and an exemption from the adviser registration requirement of the OSA under section 7.10 of OSC Rule 35-502 Non-Resident Advisers (Rule 35-502). As would be required under Rule 35-502, the securities of the Funds are or will be:
 - (a) primarily offered outside of Canada;
 - (b) only distributed in Ontario through one or more registrants under the OSA; and
 - (c) distributed in Ontario in reliance upon an exemption from the prospectus requirements of the OSA.
- The Funds do not have any current intention of becoming a reporting issuer in Ontario or in any other Canadian jurisdiction.

- 7. Prospective investors who are Ontario residents will receive disclosure that includes:
 - (a) a statement that there may be difficulty in enforcing legal rights against the Funds, or the Applicant advising the Funds, because such entities are resident outside of Canada and all or substantially all of their assets are situated outside of Canada; and
 - (b) a statement that the Applicant is not registered with the Commission under the CFA and, accordingly, the protections available to clients of a registered adviser under the CFA will not be available to purchasers of securities of the Funds.

AND UPON being satisfied that it would not be prejudicial to public interest for the Commission to grant the exemption requested on the basis of the terms and conditions proposed.

IT IS ORDERED pursuant to section 80 of the CFA that the Applicant and its Representatives are not subject to the requirements of paragraph 22(1)(b) of the CFA in respect of their advisory activities in connection with the Funds, for a further period of three years, provided that at the time that such activities are engaged in:

- the Applicant continues to be registered with the SEC as an investment adviser and with the CFTC as a commodity pool operator in the United States;
- the Funds invest in commodity futures contracts and commodity futures options primarily traded on commodity futures exchanges outside Canada and primarily cleared through clearing corporations outside Canada:
- c) securities of the Funds are or will be offered primarily outside of Canada and securities of the Funds will only be distributed in Ontario through one or more registrants under the OSA in reliance on a exemption from the prospectus requirements of the OSA and upon an exemption from the adviser registration requirement of the OSA under Rule 35-502; and
- d) prospective investors who are Ontario residents will receive disclosure that includes, to the extent applicable:
 - a statement that there may be difficulty in enforcing legal rights against the Funds, or the Applicant advising the Funds, because such entities are resident outside of Canada and

all or substantially all of their assets are situated outside of Canada: and

(ii) a statement that the Applicant is not registered with the Commission under the CFA and, accordingly, the protections available to clients of a registered adviser under the CFA will not be available to purchasers of securities of the Funds.

Dated this 19th of December, 2006

"Carol S. Perry"
Commissioner
Ontario Securities Commission

"Paul M. Moore"
Commissioner
Ontario Securities Commission

2.2.2 Rtica Corporation - s. 144

Headnote

Section 144 – application for partial revocation of cease trade order – variation of cease trade order to permit private placement, share consolidation, debt conversion and project financing, subject to conditions.

Applicable Ontario Statutory Provisions

Securities Act, R.S.O. 1990, c. S.5, as am., ss. 127, 144.

IN THE MATTER OF THE SECURITIES ACT, R.S.O. 1990, c. S-5, AS AMENDED (the Act)

AND

IN THE MATTER OF RTICA CORPORATION

ORDER (Section 144 of the Act)

WHEREAS the securities of Rtica Corporation (the Applicant) are currently subject to a cease trade order dated October 3, 2005 made pursuant to paragraph 2 of subsection 127(1) and subsection 127(5) of the Act, as extended by a further order dated October 14, 2005 made pursuant to paragraph 2 of subsection 127(1) of the Act (collectively, the Cease Trade Order) ordering that trading in the securities of the Applicant cease;

AND WHEREAS the Applicant has applied to the Ontario Securities Commission (the Commission) pursuant to section 144 of the Act for an order varying the Cease Trade Order with respect to the Private Placement, Share Consolidation, Debt Conversion and U.S. Plant Financing (all as defined below);

AND WHEREAS the Applicant has represented to the Commission that:

- The Applicant was incorporated on May 30, 1997 under the laws of Alberta, and was subsequently continued under the laws of the Business Corporations Act (Ontario) on April 25, 2001. The Applicant maintains a head office at 999 Barton Street, Stoney Creek, Ontario. The Applicant's records are currently located at the offices of Stikeman, Graham, Keeley & Spiegel LLP, located at 220 Bay Street, Suite 700, Toronto, Ontario M5J 2W4.
- 2. The authorized share capital of the Applicant consists of an unlimited number of common shares, of which 38,203,780 common shares are issued and outstanding as of August 9, 2006. In addition to its common shares, the Applicant has debt securities outstanding. The debt securities of the Applicant consists of an aggregate of \$1,256,914 in promissory notes and, including

accrued interest, a total of \$2,832,034 in convertible debentures. A conversion of the convertible debentures outstanding in accordance with the terms thereof would result in an issue of 20,527,634 common shares of the Applicant on a fully diluted basis.

- 3. The Applicant is a reporting issuer or the equivalent under the securities legislation of the provinces of Ontario, British Columbia and Alberta. The Applicant is not a reporting issuer in any other jurisdiction in Canada. The Applicant is subject to cease trade orders in the provinces of Alberta and British Columbia. The Applicant has filed applications with each of the Alberta Securities Commission and British Columbia Securities Commission for a partial revocation of their cease trade orders.
- 4. The common shares of the Applicant are listed on the NEX board of the TSX Venture Exchange but have been suspended from trading, and are not listed or quoted on any other exchange or market in Canada or elsewhere.
- 5. The Cease Trade Order was issued due to the failure by the Applicant to file with the Commission audited annual financial statements and related MD&A for the year ended May 31, 2005 and interim financial statements and related MD&A for the three months ended August 30, 2005 as required by the Act (the **Statements**). The Applicant has further failed to file interim financial statements and related MD&A for the six months ended November 30, 2005 and for the nine months ended February 28, 2006 (together with the Statements, the **Financial Statements**).
- The Financial Statements were not filed with the Commission due to a lack of funds to pay for the preparation and, in respect of the annual financial statements for the year ended May 31, 2005, audit of such statements.
- 7. The Applicant obtained an order dated May 31, 2006 to enable the Applicant to effect a private placement of convertible debentures in order to raise approximately \$70,000. The proceeds were used to complete the audit and filing of the Financial Statements, bring its continuous disclosure record up to date and improve the Applicant's financial position.
- 8. The Applicant has now filed its annual financial statements for the year ended May 31, 2005, including the required annual chief executive officer and chief financial officer certifications, where applicable, together with associated fees; and its interim financial statements for the three, six and nine month periods ended August 31, 2005, November 30, 2005 and February 28, 2006, compared to the same periods in 2004, respectively, including the interim chief executive

- officer and chief financial officer certifications, where applicable.
- 8. The Applicant is up-to-date in its continuous disclosure obligations, has paid all filing fees associated therewith.
- 9. The Applicant is currently inactive and is seeking to effect the following transactions to enable the Applicant to satisfy the solvency requirements in British Columbia that must be met to achieve reactivation:
 - (a) a private placement of its securities to raise up to \$1,800,000 to provide working capital for the Applicant (the **Private Placement**);
 - (b) a conversion of debt to equity (the **Debt Conversion**);
 - (c) the holding of a shareholders' meeting (the **Shareholders' Meeting**) to seek approval for both the consolidation of the existing outstanding common shares at a rate of 10:1 (the **Share Consolidation**) and a future financing to build and commission a commercial production facility in the United States (the **U.S. Plant Financing**); and
 - (d) completion of the Share Consolidation.
- Prior to completion of the Private Placement, Debt Conversion, Share Consolidation and U.S. Plant Financing, the proposed recipients of the securities will receive:
 - (a) a copy of the Cease Trade Order:
 - (b) a copy of this Order; and
 - (c) written notice that all of the Applicant's securities will remain subject to the Cease Trade Order following completion of those transactions and that the Cease Trade Order may remain in effect indefinitely.
- 10. The Private Placement, Share Consolidation, Debt Conversion and U.S. Plant Financing will be completed in accordance with all applicable policies of the NEX board of the TSX Venture Exchange and applicable securities legislation.
- 11. The Applicant intends, within a reasonable time following completion of the Private Placement, Debt Conversion, Shareholders' Meeting and Share Consolidation, to apply to the Commission for a full revocation of the Cease Trade Order.
- 12. As the Private Placement, Debt Conversion, Shareholders' Meeting, Share Consolidation and

U.S. Plant Financing will involve trades in securities or acts in furtherance of trades, they cannot be completed without a partial revocation of the Cease Trade Order.

AND WHEREAS the Director is satisfied that to do so would not be prejudicial to the public interest;

IT IS ORDERED, pursuant to section 144 of the Act, that the Cease Trade Order be and is hereby varied solely to permit trades and acts in furtherance of trades in connection with the Private Placement, Debt Conversion, Shareholders' Meeting, Share Consolidation and U.S. Plant Financing provided that, prior to the issuance of the securities the potential investors, and each direct and indirect beneficial owner of the potential investors, as applicable, will:

- (a) receive a copy of the Cease Trade Order;
- (b) receive a copy of this Order; and
- (c) receive written notice from the Applicant and acknowledge that all of the Applicant's securities, including any securities of the Applicant issued upon conversion of an outstanding security, will remain subject to the Cease Trade Order until it is revoked.

DATED August 17, 2006.

Assistant Manager, Corporate Finance
Ontario Securities Commission

2.2.3 Critical Outcome Technologies Inc. - s. 83.1(1)

Headnote

Subsection 83.1(1) - issuer deemed to be a reporting issuer in Ontario - issuer already a reporting issuer in British Columbia nad Alberta - issuer's securities listed for trading on the TSX Venture Exchange - continuous disclosure requirements in British Columbia and Alberta substantially the same as those in Ontario.

Statutes Cited

Securities Act, R.S.O. 1990, c. S.5, as am., s. 83.1(1).

IN THE MATTER OF THE SECURITIES ACT, R.S.O. 1990, CHAPTER S.5, AS AMENDED (the "Act")

AND

IN THE MATTER OF CRITICAL OUTCOME TECHNOLOGIES INC.

ORDER (Subsection 83.1(1))

UPON the application of Critical Outcome Technologies Inc. (the "Issuer") for an order pursuant to subsection 83.1(1) of the Act deeming the Issuer to be a reporting issuer for the purposes of Ontario securities law;

AND UPON considering the application and the recommendation of the staff of the Ontario Securities Commission (the "Commission");

AND UPON the Issuer having represented to the Commission as follows:

- 1. The Issuer is a corporation amalgamated pursuant to the *Business Corporations Act* (Ontario).
- The Issuer's head and registered office is located at The Stiller Centre for Biotechnology Commercialization, Suite 213, 700 Collip Circle, London, Ontario N6G 4X8.
- The authorized capital of the Issuer consists of an unlimited number of common shares ("Common Shares") and an unlimited number of preferred shares of which 34,602,332 Common Shares are issued and outstanding, and there are issued and outstanding convertible securities to acquire an additional 5,374,432 Common Shares.
- Aviator Petroleum Corp. ("Aviator"), previously a capital pool company and predecessor company to the Issuer, became a reporting issuer under the Securities Act (Alberta) (the "Alberta Act") on April 15, 2005 and under the Securities Act (British Columbia) (the "B.C. Act") on May 19, 2005.

- The Issuer became a reporting issuer under the Alberta Act and the B.C. Act on October 13, 2006 on the amalgamation of Aviator and Critical Outcome Technologies Inc. The Issuer is not in default of any requirements of the Alberta Act or the B.C. Act.
- The Issuer is not a reporting issuer or the equivalent in any jurisdiction in Canada other than Alberta and British Columbia.
- The Issuer is not on the list of defaulting reporting issuers maintained pursuant to the Alberta Act or pursuant to the B.C. Act.
- 8. The continuous disclosure requirements of the Alberta Act and the B.C. Act are substantially the same as those under the Act.
- The continuous disclosure materials filed by the Issuer under the Alberta Act and the B.C. Act are available on the System for Electronic Document Analysis and Retrieval (SEDAR).
- The Issuer's common shares are listed and posted for trading on the TSXV under the symbol COT and the Issuer's common shares are not traded on any other stock exchange or trading or quotation system.
- The Issuer is not in default of any of the rules or regulations of the TSXV.
- 12. The Issuer has determined that it has developed a significant connection to Ontario in that:
 - (i) Ontario residents are registered and beneficial holders of more than 20% of the total number of outstanding common shares of the Issuer and 79% of the Issuer's issued and outstanding common shares are held directly and indirectly by Ontario residents:
 - (ii) the Chief Executive Officer, President, and Chief Financial Officer of the Issuer all reside in Ontario; and
 - (iii) the Issuer's head office is in Ontario.
- 13. Neither the Issuer nor its predecessor companies, nor, to the knowledge of the Issuer, its directors, officers, or any of its controlling shareholders, has:
 - been the subject of any penalties or sanctions imposed by a court relating to Canadian securities legislation or by a Canadian securities regulatory authority;
 - (ii) entered into a settlement agreement with a Canadian securities regulatory authority; or

- (iii) been subject to any other penalties or sanctions imposed by a court or regulatory body that would be likely to be considered important to a reasonable investor making an investment decision.
- 14. Neither the Issuer nor its predecessor companies nor, to the knowledge of the Issuer, its directors, officers, or any of its controlling shareholders, is or has been subject to:
 - any known ongoing or concluded investigations by:
 - (a) a Canadian securities regulatory authority, or
 - (b) a court or regulatory body, other than a Canadian securities regulatory authority, that would be likely to be considered important to a reasonable investor making an investment decision; or
 - (ii) any bankruptcy or insolvency proceedings, or other proceedings, arrangements or compromises with creditors, or the appointment of a receiver, receiver-manager or trustee, within the preceding 10 years,

except as follows:

- (A) Mr. Bruno Maruzzo, a director of the Issuer, was a director of CCPC Biotech Inc. (TSX: CBO) which was subject to a cease trade order issued by the Alberta Securities Commission on July 19, 2002 for failure to file required financial information and a similar order issued by the British Columbia Securities Commission on September 4. 2002. Trading of that company's shares remained suspended until that company was delisted on November 19, 2003. CCPC Biotech Inc. was voluntarily dissolved December 16, 2004 (the "CCPC Biotech Orders");
- (B) Mr. Bruno Maruzzo was also a director of Materials Protection Technologies Inc. which was subject to a cease trading order issued by the Ontario Securities Commission on May 22, 2002 for failure to file required financial information due to that company's financial difficulties,

- and similar orders issued by each of the British Columbia Securities Commission on May 29, 2002 and the Alberta Securities Commission on June 21, 2002. Trading of that company's shares remained suspended until the company was delisted on June 20, 2003 (the "Materials Protection Technologies Orders");
- (C) Mr. Bruno Maruzzo was also a World director of Wise Technologies Inc. (now W2 Energy Inc.) and along with other insiders of the company, subject to individual cease trade orders issued by the Ontario Securities Commission February 21, 2003 as a result of that company's failure to make statutory filings (the "World Wise Technologies Orders"); and
- (D) Mr. Dean Gendron, a director of the Issuer, was interim CEO of a private company, VideoArch Inc., from 2004 to 2005. VideoArch Inc. became insolvent in 2005 and Mr. Gendron was appointed as the representative of the privatelyappointed receiver from April to October 2005 (the "VideoArch Insolvency").
- 15. To the knowledge of the Issuer, none of the directors or officers of the Issuer, or any of its controlling shareholders, is or has been at the time of such event an officer or director of any other issuer which is or has been subject to:
 - (i) any cease trade or similar orders, or orders that denied access to any exemptions under Ontario securities law, for a period of more than 30 consecutive days, within the preceding 10 years; or
 - (ii) any bankruptcy or insolvency proceedings, or other proceedings, arrangements or compromises with creditors, or the appointment of a receiver, receiver-manager or trustee, within the preceding 10 years,

except as follows:

(A) Mr. Bruno Maruzzo and the CCPC Biotech Orders, Materials Protection Technologies Orders and World Wise Technologies

Orders described in paragraph 14 above; and

- (B) Mr. Dean Gendron and the VideoArch Insolvency described in paragraph 14 above.
- 16. The Issuer will remit all participation fees due and payable by it pursuant to Ontario Securities Commission Rule 13-502 Fees by no later than 2 business days from the date hereof.

AND UPON the Commission being satisfied that to do so would not be prejudicial to the public interest;

IT IS HEREBY ORDERED pursuant to subsection 83.1(1) of the Act that the Issuer be deemed a reporting issuer for purposes of Ontario securities law.

DATED December 19, 2006

"Jo-Anne Matear"
Assistant Manager, Corporate Finance

2.2.4 Sprott Asset Management Inc. et al.

Headnote

Mutual fund in Ontario (non-reporting issuer) exempt from naming the issuer of certain short positions in its portfolio – must provide alternative portfolio disclosure.

Rules Cited

National Instrument 81-106 Investment Fund Continuous Disclosure, s. 3.5(1).

January 2, 2007

IN THE MATTER OF NATIONAL INSTRUMENT 81-106 INVESTMENT FUND CONTINUOUS DISCLOSURE

AND

IN THE MATTER OF SPROTT ASSET MANAGEMENT INC. (the Applicant)

AND

IN THE MATTER OF
SPROTT HEDGE FUND L.P.
SPROTT HEDGE FUND L.P. II
SPROTT BULL/BEAR RSP FUND
SPROTT OPPORTUNITIES HEDGE FUND L.P.
(each a Fund, and collectively the Funds)

ORDER

Background

The Ontario Securities Commission (OSC) received an application from the Applicant for a decision pursuant to section 17.1 of National Instrument 81-106 Investment Fund Continuous Disclosure (NI 81-106) exempting each Fund and any future mutual funds managed by the Applicant which are not reporting issuers (collectively, with the Funds, the Sprott Funds) from the requirement in paragraph 3.5(1)1 of NI 81-106 to include in the statements of investment portfolio prepared for the Sprott Funds the name of the issuer of the securities sold short by the Sprott Funds (the Statement of Investment Portfolio Requirement).

Representations

This Order is based on the following facts represented by the Applicant:

- The Applicant is a corporation incorporated under the laws of Ontario. The Applicant is the manager of each of the Funds and will be the manager of any future Sprott Funds.
- Sprott Hedge Fund L.P., Sprott Hedge Fund L.P.
 II and Sprott Opportunities Hedge Fund L.P. were

each formed under the *Limited Partnerships Act* (Ontario). Sprott Bull/Bear RSP Fund is a trust established under the laws of the province of Ontario.

- 3. Sprott Hedge Fund L.P. and Sprott Hedge Fund L.P. II entitle their unitholders to redeem units monthly commencing 6 months from the date of purchase with 90 days prior notice. Sprott Opportunities Hedge Fund L.P. entitles its unitholders to redeem units monthly commencing 6 months from the date of purchase with 30 days prior notice. Sprott Bull/Bear RSP Fund allows the redemption of its units by a unitholder monthly with 7 days prior notice. In respect of the Sprott Bull/Bear RSP Fund, redemptions made within 180 days from the date of purchase are subject to a 3% penalty. Given these redemption features, the Applicant understands that the OSC considers each of the Funds to be a "mutual fund" as defined under securities legislation. The Funds are not reporting issuers.
- 4. Each of the Funds is an "investment fund" as that term is defined in NI 81-106 and is subject to the financial disclosure requirements therein.
- As part of its investment strategy, each Fund 5. makes extensive use of a short selling strategy pursuant to which the Applicant, as investment manager, short sells securities it believes to be overvalued and/or have deteriorating fundamentals such as decreasing market share, sales or earnings or other negative factors. The Applicant manages the long and short positions of a Fund according to its view of the domestic and international economy and market trends in order to seek to optimize absolute returns. allocation of long and short positions will vary. Short positions generally comprise around 50% of a Fund's portfolio of assets and occasionally can comprise up to 90%.
- 6. As at August 30, 2006, the Funds had an aggregate of 3,485 unitholders with \$1.0 billion of assets. The Applicant replicates this investment strategy in respect of other offshore funds which it manages which, together with the Funds, had \$1.5 billion of assets as at August 30, 2006.
- 7. Each of the Funds employs a "buy and hold" strategy with respect to its investments, meaning they don't trade in and out of positions at a high rate. Because of this strategy, short positions disclosed in the statement of portfolio assets often remain open when the financial statements are distributed notwithstanding the 90 and 60 day delays in distribution of the annual and interim financial statements. Expressed as a percentage of the positions which were held on the date of the statements, the number of positions of the Funds which remained opened at the time of distribution of the statements ranged from 73% to 98% (for the period from December 31, 2005 to March 31,

- 2006) and from 68% to 98% (for the period from June 30, 2006 to August 31, 2006).
- 8. Prior to NI 81-106 coming into effect, the Funds disclosed in their statements of portfolio assets short positions by industry. The Funds also disclosed: (i) the average cost and market value of the short positions; and (ii) each short position as a percentage of net assets of the Fund.
- 9. The Applicant is concerned that the Statement of Investment Portfolio Requirement could cause harm to the Funds because publishing information on short positions increases the risk of predatory marketing practices, such as short squeeze initiating trades, which could cause losses to the Funds. This is especially a concern for the Funds given their size and the number of their unitholders and the buy and hold element of the Funds' short selling strategy. Once a short squeeze has been initiated, the Applicant has limited options for protecting the Funds from harm and therefore believes that relief from the Statement of Investment Portfolio Requirement as requested is the best option to protect the Funds from harm.

Order

The Director is satisfied that it would not be prejudicial to the public interest to grant the requested relief and orders that the Sprott Funds are exempt from the Statement of Investment Portfolio Requirement provided that for each Sprott Fund:

- the statement of investment portfolio discloses short positions by industry;
- (ii) the statement of investment portfolio shows the average cost and market value of each industry category;
- (iii) the statement of investment portfolio shows the percentage of net assets represented by short positions for each industry category;
- (iv) the name of the issuer is disclosed for short positions that exceed 5% of a Sprott Fund's net assets;
- (v) the offering documents for the Sprott Funds disclose the particulars of this exemption; and
- (vi) this order terminates upon the coming into force of any legislation or rule of the OSC dealing with paragraph 3.5(1)1 of NI 81-106 or any matters relating to the disclosure of short positions by investment funds.

Rules and Policies

5.1.1 Notice of Amendment to OSC Policy 51-601 Reporting Issuer Defaults

NOTICE OF AMENDMENT TO ONTARIO SECURITIES COMMISSION POLICY 51-601 REPORTING ISSUER DEFAULTS

Introduction

The Commission has, under Section 143.8 of the Securities Act (Ontario) (the Act), amended Policy 51-601 Reporting Issuer Defaults. The amended version of the policy (the Amended Policy) is effective on December 20, 2006 and replaces the version of Policy 51-601 that became effective on May 17, 2005.

Substance and Purpose of the Policy

The Amended Policy outlines the factors considered by the Commission in determining if a reporting issuer is in default under the Act.

The Commission does not consider any of the changes to the existing policy to be material and has therefore not published the changes for comment.

Summary of Changes to the Current Version of Policy 51-601

The Amended Policy reflects the categories of default that have been harmonized across the CSA pursuant to CSA Notice 51-322 – *Reporting Issuer Defaults* which can be found on the Commission's website. The categories also reflect new requirements of the Act or regulations that have become effective since May 2005. In particular:

- National Instrument 58-101 Disclosure of Corporate Governance Practices and Multilateral Instrument 52-110
 Audit Committees introduced new continuous disclosure requirements; and
- there is a new requirement under Multilateral Instrument 52-109 Certification of Disclosure in Issuers' Annual
 and Interim Filings to include in issuers' MD&A disclosure of their conclusions relating to the effectiveness of
 their disclosure controls and procedures.

The Amended Policy also includes failure to file a news release required by securities legislation as a category of default.

Issuers may be in default when they do not comply with any of these requirements.

The Amended Policy also reflects recent amendments to the Act which removed provisions relating to certificates of no default. These provisions were repealed effective December 20, 2006. Accordingly, the Commission no longer issues certificates of no default. Market participants should instead look to the list of defaulting reporting issuers maintained by the Commission on its website to determine if a reporting issuer has been noted in default of any requirement of the Act or the regulations.

ONTARIO SECURITIES COMMISSION POLICY 51-601 REPORTING ISSUER DEFAULTS

PART 1 - PURPOSE

1.1 Purpose of this Policy

This Policy describes the Commission's list of reporting issuers, outlines the key deficiencies resulting in an issuer being noted in default and indicates how the Commission determines whether a reporting issuer is in default of any requirement of the Act or the regulations.

PART 2 - LIST OF REPORTING ISSUERS

2.1 General – The Commission maintains a list of Ontario reporting issuers that identifies those reporting issuers that are in default. The list is available for public inspection at the Commission's offices during normal business hours and is on the Commission's website at www.osc.gov.on.ca/PublicCompanies/Issuers/is_index.jsp.

2.2 Completeness of the List

- (1) Given the breadth of the definition of "reporting issuer", the Commission does not represent that this is a complete list of Ontario reporting issuers. For example, there may be corporations subject to the *Business Corporations Act* that have offered securities to the public within the meaning of that statute but have not filed material with the Commission. They would fall within the definition of "reporting issuer", but would not be on the list. Also, since the Commission does not continuously review the corporate status of issuers, corporations that have been dissolved may still be on the list.
- (2) The absence of a default notation on the list of reporting issuers does not necessarily mean that the reporting issuer is in full compliance with all of its obligations under the Act or the regulations. There may be situations where an issuer is in default of a continuous disclosure requirement but the default is not reflected in the list.

These situations may arise for the following reasons. First, the list will not reflect undetected deficiencies. For example, if an issuer fails to make a required filing relating to a non-periodic event, such as a material change report or a business acquisition report, this deficiency may not be immediately apparent to staff responsible for maintaining the list. Secondly, a deficiency may be detected, but the issuer may disagree with staff as to whether the issuer is in default. As described in subsection 3.2(2) below, if the issuer and staff disagree about whether the issuer is in default, the issuer will generally not be noted in default pending a determination of the issue by the Commission. Thirdly, where an issuer has been noted in default, the default notation may subsequently be removed if it is determined that the default has ceased to be material. For example, an issuer may be noted in default for failing to file interim financial statements and related MD&A, and then remain in default for an extended period of time. In these circumstances, the Commission may be prepared to remove the default notation, and revoke a cease trade order if one has been issued, where the Commission is satisfied that the issuer has substantially brought its filings up to date. The Commission will generally consider this to be the case where the issuer files audited annual financial statements and related MD&A for the three most recently completed financial years and interim financial statements and related MD&A for the current financial year. In these circumstances, the Commission may, depending upon its review of all relevant factors, accept that the issuer should no longer be considered in default of a current material continuous disclosure requirement and remove the default notation. As a technical matter, the issuer remains in default of those filing requirements that have not been met.

Market participants should consider these limitations and make their own investigations as appropriate before relying on the list.

2.3 Categories of Default – If a reporting issuer is in default, beside the issuer's name on the reporting issuer list will appear the words "In default" and one or more letters indicating the nature of the default. These categories of default occasionally change to reflect amendments to the Act or regulations. At the issue date of this policy, the key continuous disclosure deficiencies resulting in default are those listed in Appendix A.

PART 3 - DETERMINING WHETHER A REPORTING ISSUER IS IN DEFAULT

3.1 The Test – The Commission will generally not consider a reporting issuer to be in default unless it is in default of a material requirement of the Act or the regulations. While the categories set out in Appendix A identify a number of material requirements, they are not an exhaustive description of the circumstances in which a reporting issuer may be considered to be in default.

3.2 The Process

- (1) Subject to subsection (2), staff will notify a reporting issuer when noting an the issuer in default. If an issuer is notified by staff, it may either remedy the default within the time specified by staff or provide information to staff to demonstrate that it is not in default. If an issuer remedies the default within the time period specified by staff or satisfies staff that it is not in default, staff will remove the default notation.
- (2) If staff is of the view that a reporting issuer is in default based on a content deficiency in the issuer's continuous disclosure record, staff will notify the issuer before noting the issuer in default. If the issuer and staff disagree about whether the issuer is in default, the issuer will generally not be noted in default at that time. Staff may seek an order from the Commission under paragraph 127(1)5 that the issuer's continuous disclosure record be amended in whatever manner is necessary to address the issues identified. At the same time, staff may seek any other orders from the Commission under subsection 127(1) that the Commission considers appropriate. Subsection 127(4) of the Act provides that the Commission will not make any such orders without a hearing.
- (3) OSC Policy 57-603 Defaults by Reporting Issuers in Complying with Financial Statement Filing Requirements describes the Commission's approach toward issuing cease trade orders in response to certain defaults by reporting issuers.
- **3.3 Removal of Default Notation** A reporting issuer will no longer be identified as being in default once it has remedied the default by filing the required document, correcting the deficiency in its continuous disclosure record, remitting the applicable fee or otherwise demonstrating that it is not in default.

3.4 Filing Considerations

- (1) An issuer may become a defaulting reporting issuer if it does not file a document when it is due.
- (2) National Instrument 13-101 System for Electronic Document Analysis and Retrieval (SEDAR) (NI 13-101) provides that a document filed through SEDAR is filed on the day that the transmission of the document is completed, so long as it is completed by 5:00 p.m. A temporary hardship exemption is available under NI 13-101 to an issuer that encounters unanticipated technical difficulties when attempting to file through SEDAR.
- (3) A document that is not filed through SEDAR is filed when the Commission receives it, not when the issuer sends it. A reporting issuer that relies on the postal system may become a defaulting reporting issuer if the mail is delayed or the document is lost in the mail. A reporting issuer that sends a document to the Commission by facsimile should retain the facsimile verification as evidence that the Commission received the document.

PART 4 - CERTIFICATE OF NO DEFAULT

Intentionally deleted

PART 5 - FORM OF CERTIFICATE OF NO DEFAULT

Intentionally deleted

APPENDIX A

Key Deficiencies Resulting in Default

- 1. Failure to file the following continuous disclosure prescribed by Ontario securities laws:
 - (a) annual financial statements;
 - (b) interim financial statements;
 - (c) annual or interim management's discussion and analysis (MD&A) or annual or interim management report of fund performance (MRFP);
 - (d) annual information form (AIF);
 - (e) certification of annual or interim filings under Multilateral Instrument 52-109 Certification of Disclosure in Issuers' Annual and Interim Filings (MI 52-109);
 - (f) proxy materials or a required information circular;
 - (g) issuer profile supplement on the System for Electronic Disclosure By Insiders (SEDI);
 - (h) material change report;
 - (i) written update as required after filing a confidential report of a material change;
 - (j) business acquisition report;
 - (k) annual oil and gas disclosure prescribed by National Instrument 51-101 Standards of Disclosure for Oil and Gas Activities (NI 51-101) or technical reports for a mineral project required under National Instrument 43-101 Standards of Disclosure for Mineral Projects (NI 43-101);
 - (I) mandatory news release;
 - (m) corporate governance disclosure as required by National Instrument 58-101 Disclosure of Corporate Governance Practices:
 - (n) audit committee disclosure as required by Multilateral Instrument 52-110 *Audit Committees* or BC Instrument 52-509 *Audit Committees*; or
 - (o) disclosure in an issuer's MD&A relating to disclosure controls and procedures and their effectiveness that is referred to in a certificate filed under MI 52-109.

2. Continuous disclosure that is deficient because:

- (a) financial statements of the reporting issuer, or the auditor's report accompanying the financial statements, do not comply with the requirements of National Instrument 51-102 Continuous Disclosure Obligations (NI 51-102), National Instrument 81-106 Investment Fund Continuous Disclosure (NI 81-106) or National Instrument 52-107 Acceptable Accounting Principles, Auditing Standards and Reporting Currency;
- (b) the reporting issuer has acknowledged that its financial statements, or the auditor's report accompanying the financial statements, may no longer be relied upon;
- (c) the reporting issuer's AIF, MD&A, MRFP, information circular, or business acquisition reports do not contain information for each of the content items required by NI 51-102 or NI 81-106; or
- (d) the reporting issuer's technical disclosure or other reports do not comply with the disclosure requirements of NI 43-101 or NI 51-101.
- 3. Failure to pay a fee required by Ontario securities laws.
- 4. Failure to comply with any other requirement related to continuous disclosure.

5.1.2 Notice of Amendments to the Securities Act

NOTICE OF AMENDMENTS TO THE SECURITIES ACT

On December 20, 2006, amendments to the Securities Act contained in the Government's Fall 2006 Budget Bill, received Royal Assent and came into force. The amendments are included in Bill 151, Budget Measures Act, 2006 (No. 2).

The majority of the amendments are intended to harmonize Ontario securities law with the laws of other jurisdictions.

Among the most significant changes made to the Securities Act are amendments to:

- Give the Commission the authority to make an order, if the Commission considers that it is in the public interest, designating a person or company as an insider of a reporting issuer where the person or company has access to material information about the issuer in the ordinary course. The Commission is also given the authority to make an order that a person or company is not an insider where it is satisfied that the order would not be prejudicial to the public interest. Upon the request of the person or company potentially subject to the order, the Commission would be required to hold a hearing prior to making the order.
- Give the Commission rule-making authority to designate a person or company in a class of persons or companies as an insider of reporting issuer where the person or company has access to material information about the issuer in the ordinary course.
- Harmonize the definitions of "insider", "director" and "officer" with the language of other Canadian jurisdictions
 and repeal the definition of "senior officer" as a consequence.
- Extend the reporting requirements for insiders of a reporting issuer to include interests in related financial instruments. The Commission is also given new rule-making authority regulating the disclosure or furnishing of such information. New definitions are added to the Act for "related financial instrument", "economic interest in a security" and "economic exposure" as a consequence of the new insider reporting requirements.
- Harmonize the grounds for refusing to issue a receipt for a prospectus with the securities legislation of other Canadian jurisdictions.
- Give the Commission rule-making authority to prescribe requirements for the certification of prospectuses by
 persons or companies where the issuer is a trust (whether or not the business of the trust is conducted
 through another person), limited partnership or where the issuer is not a company, trust or limited partnership.
- Give the authority, where there has been a conviction for an offence under the Act, for a court to order, in addition to any other penalty that it may impose, that the convicted person or company make restitution or pay compensation in relation to the offence to an aggrieved person or company.
- Clarify that the Commission may publish rule proposals by giving notice that the Commission is seeking the requisite rule-making authority where it doesn't already have the authority to make the proposed rule.
- Clarify the effective date of an agreement, memorandum of understanding or arrangement entered into by the Commission with another securities or financial regulator, self-regulatory body or organization or jurisdiction.
 The amendment also provides an exception to the requirement to publish these documents in the Commission Bulletin in certain circumstances.

All of the Securities Act amendments (with the exception of certain amendments relating to insider reporting) came into force on December 20, 2006. The amendments dealing with the extension of the insider reporting requirements to include interests in related financial instruments will come into force on a day to be proclaimed by the Lieutenant Governor in Council.

The relevant portions of **Bill 151** are reprinted in Chapter 9 and may also be viewed on the Ontario Legislative Assembly's website at www.ontla.on.ca.

EXCERPT FROM BUDGET MEASURES ACT, 2006 (NO.2) (BILL 151)

SCHEDULE Z.5 SECURITIES ACT

Explanatory Notes

The amendments to the Securities Act harmonize Ontario securities law with the laws of other Canadian jurisdictions. The Schedule makes several amendments to the Act dealing with prospectus requirements, insider trading and self dealing and the regulation of take-over bids and business combinations. Many of these amendments involve the granting of additional rule-making authority to the Commission or changes to its existing rule-making authorities. In addition to the previously identified areas where amendments have been made, certain other amendments have been made and are identified below. The following summarizes the changes:

Part XV of the Act (Prospectuses - Distributions)

The re-enactment of subsection 61(2) harmonizes the grounds for refusing to issue a receipt with the securities legislation of Canadian jurisdictions. The definition of "control person" is moved from section 138.1 to subsection 1(1) as a consequence. A consequential amendment is also made to the definition of "distribution" in subsection 1(1).

A technical amendment is made to section 53 to reflect the fact that receipts are issued for a prospectus or an amendment to a prospectus. A technical amendment is also made to subsection 63(1) to reference simplified forms of prospectuses. Subsection 72(8) replaces existing subsections 72(8) to (11) and enables the Commission to publish a list of reporting issuers that are in default of any requirement of the Act or the regulations. The Commission will no longer provide certificates respecting a reporting issuer's status with the Commission.

Various amendments are made to the Commission's rule-making authority relating to prospectuses and distributions. Paragraph 16.1 of subsection 143(1) provides the Commission with the authority to prescribe requirements for certification of prospectuses by persons or companies where the issuer is a trust or limited partnership, or where the issuer is not a company, trust or a limited partnership. Technical amendments are also made to the Commission's rule-making authority in paragraphs 15 and 16 of subsection 143(1).

Part XX of the Act (Take-over Bids and Issuer Bids)

The re-enactment of subsection 104(1) makes technical amendments to harmonize the language of the subsection with other provincial securities legislation.

The re-enactment of section 105 is intended to create harmonized wording to the analogous provisions of other jurisdictions dealing with court applications in respect of take-over bids and issuer bids. In addition, the reference to Ontario Court (General Division) is changed to the Superior Court of Justice.

Amendments to paragraphs 28 and 36 of subsection 143(1) provide the Commission with authority to regulate business combinations. The Commission has been given new authority in subsection 1(1.1) to define the term "business combination" in a rule.

Part XXI of the Act (Insider Trading and Self-Dealing)

The amendments to section 107 will extend requirements applicable to insiders of a reporting issuer to include interests in "related financial instruments". A new definition for "related financial instruments" and the related terms "economic interest in a security" and "economic exposure" are to be added to subsection 1(1). The repeal of clause 106(2)(c) and section 108 are consequential to the re-enactment of section 107 and the proposed transfer of many of the requirements for insider reporting to the Commission's rules. New rule-making powers to provide the Commission with the authority to make these rules are contained in paragraphs 30.1, 30.2 and 30.3 of subsection 143(1).

The amendments to the definition of "insider" in subsection 1(1) are related to the re-enactment of section 107 and the revised rule-making authority. As amended, the definition will include any person or company designated by the Commission as an insider by an order under subsection 1(11) and exclude any person or company designated not to be an insider by a Commission order under subsection 1(10). Under subsection 1(14), the Commission is required to hold a hearing before making such an order if one is requested by a person or company which would be subject to such an order. Subsection 1(11) provides that the Commission's discretion to make an order designating a person or company to be an insider is limited to circumstances where the person or company has access to material information about the issuer in the ordinary course.

Technical amendments are made to the definition of "insider" to harmonize it with the language of securities legislation across Canada. Sections 83 and 83.1 are repealed as a consequence of the addition of subsections 1(10) to (14). In addition, the

definitions of "insider" and "reporting issuer" in subsection 1(1) of the Act are amended to refer to the new subsections 1(10) and (11).

Other Amendments

Investment Funds

The re-enactment of section 116 extends the statutory standard of care from persons or companies responsible for the management of a mutual fund to investment fund managers of investment funds. Amendments are made to paragraphs 31 and 35 of subsection 143(1) as a consequence of the addition of the definition of "investment fund" to the Act in 2004.

Forward-Looking Information

Paragraph 22.1 of subsection 143(1) provides the Commission with authority to make rules in connection with the preparation, form and content of forward-looking information which is publicly disseminated, but is not part of a required filing with the Commission.

Restitution Remedy

Section 122.1 provides additional remedies where there has been a conviction for an offence under the Act. The court, in addition to any penalty that it may impose, will be entitled to order that the convicted person or company make restitution or pay compensation in relation to the offence to an aggrieved person or company.

Memoranda of Understanding

The amendments to section 143.10 clarify the effective date of an agreement, memorandum of understanding or arrangement entered into by the Commission with another securities or financial regulator, self-regulatory body or organization, or jurisdiction. The amendments also provide exceptions to the requirement to publish these agreements, memoranda and arrangements.

Miscellaneous

Amendments are made to the definitions of "director", "investment fund manager", "officer" and "self-regulatory organization" in subsection 1(1) to harmonize the language of these provisions with that of other provincial securities legislation.

The definition of "senior officer" and other references to "senior officer" in the Act are being repealed as they are no longer necessary in light of the revised definition of "officer".

Amendments are made to sections 138.1, 138.3, 138.4 and 138.5 providing civil liability for misrepresentations in disclosure materials in the secondary market to include references to the regulations.

Paragraph 9 of subsection 143(1) is re-enacted to correct a cross reference.

Paragraph 4 of subsection 143.2(2) is amended to clarify that the Commission in giving notice of proposed rule changes may give notice of rules that would be made in situations where it lacks rule-making authority but is seeking legislative changes to acquire the necessary authority.

SCHEDULE Z.5

SECURITIES ACT

1. (1) Subsection 1(1) of the Securities Act is amended by adding the following definitions:

"control person" means,

- (a) a person or company who holds a sufficient number of the voting rights attached to all outstanding voting securities of an issuer to affect materially the control of the issuer, and, if a person or company holds more than 20 per cent of the voting rights attached to all outstanding voting securities of an issuer, the person or company is deemed, in the absence of evidence to the contrary, to hold a sufficient number of the voting rights to affect materially the control of the issuer, or
- (b) each person or company in a combination of persons or companies, acting in concert by virtue of an agreement, arrangement, commitment or understanding, which holds in total a sufficient number of the voting rights attached to all outstanding voting securities of an issuer to affect materially the control of the issuer, and, if a combination of persons or companies holds more than 20 per cent of the voting rights attached to all outstanding voting securities of an issuer, the combination of persons or companies is deemed, in the absence of evidence to the contrary, to hold a sufficient number of the voting rights to affect materially the control of the issuer; ("personne qui a le contrôle")

"economic exposure" in relation to a reporting issuer means the extent to which the economic or financial interests of a person or company are aligned with the trading price of securities of the reporting issuer or the economic or financial interests of the reporting issuer; ("risque financier")

"economic interest in a security" means,

- (a) a right to receive or the opportunity to participate in a reward, benefit or return from a security, or
- (b) an exposure to a loss or a risk of loss in respect of a security; ("intérêt financier dans une valeur mobilière")

"related financial instrument" means an agreement, arrangement or understanding to which an insider of a reporting issuer is a party, the effect of which is to alter, directly or indirectly, the insider's,

- (a) economic interest in a security of the reporting issuer, or
- (b) economic exposure to the reporting issuer; ("instrument financier connexe")

(2) The definitions of "director", "insider", "investment fund manager", "officer" and "self-regulatory organization" in subsection 1 (1) of the Act are repealed and the following substituted:

"director" means a director of a company or an individual performing a similar function or occupying a similar position for any person; ("administrateur")

"insider" means,

- (a) a director or officer of a reporting issuer.
- (b) a director or officer of a person or company that is itself an insider or subsidiary of a reporting issuer,
- (c) a person or company that has,
 - (i) beneficial ownership of, or control or direction over, directly or indirectly, securities of a reporting issuer carrying more than 10 per cent of the voting rights attached to all the reporting issuer's outstanding voting securities, excluding, for the purpose of the calculation of the percentage held, any securities held by the person or company as underwriter in the course of a distribution, or
 - (ii) a combination of beneficial ownership of, and control or direction over, directly or indirectly, securities of a reporting issuer carrying more than 10 per cent of the voting rights attached to all the reporting issuer's outstanding voting securities, excluding, for the purpose of the calculation of the percentage held, any securities held by the person or company as underwriter in the course of a distribution,

- (d) a reporting issuer that has purchased, redeemed or otherwise acquired a security of its own issue, for so long as it continues to hold that security,
- (e) a person or company designated as an insider in an order made under subsection (11),
- (f) a person or company that is in a class of persons or companies designated under subparagraph 40 v of subsection 143(1); ("initié")

"investment fund manager" means a person or company that directs the business, operations or affairs of an investment fund; ("gestionnaire de fonds d'investissement")

"officer", with respect to an issuer or registrant, means,

- (a) a chair or vice-chair of the board of directors, a chief executive officer, a chief operating officer, a chief financial officer, a president, a vice-president, a secretary, an assistant secretary, a treasurer, an assistant treasurer and a general manager,
- (b) every individual who is designated as an officer under a by-law or similar authority of the registrant or issuer, and
- (c) every individual who performs functions similar to those normally performed by an individual referred to in clause (a) or (b); (dirigeant")

"self-regulatory organization" means a person or company that is organized for the purpose of regulating the operations and the standards of practice and business conduct, in capital markets, of its members and their representatives with a view to promoting the protection of investors and the public interest; ("organisme d'autoréglementation")

- (3) Clause (c) of the definition of "distribution" in subsection 1(1) of the Act is repealed and the following substituted:
 - (c) a trade in previously issued securities of an issuer from the holdings of any control person,
- (4) The definition of "reporting issuer" in subsection 1(1) of the Act is amended by,
 - (a) repealing clause (b) and substituting the following:
 - (b) that has filed a prospectus and for which the Director has issued a receipt under this Act,
 - (b) repealing clause (f) and the portion of the definition after clause (f) and substituting the following:
 - (f) that is designated as a reporting issuer in an order made under subsection 1(11);
- (5) The definition of "senior officer" in subsection 1(1) of the Act is repealed.
- (6) Clause (d) of the definition of "underwriter" in subsection 1(1) of the Act is repealed and the following substituted:
 - (d) a bank listed in Schedule I, II or III to the Bank Act (Canada) with respect to securities described in paragraph 1 of subsection 35(2) or to such banking transactions as are designated by the regulations;
- (7) Subsection 1(1.1) of the Act is amended by adding "business combination" before "derivatives".
- (8) Subsections 1(8) and (9) of the Act are repealed.
- (9) Section 1 of the Act is amended by adding the following subsections:

Relieving orders

- (10) If the Commission is satisfied that it would not be prejudicial to the public interest, it may make an order that, for purposes of Ontario securities law, a person or company is not,
 - (a) an insider; or
 - (b) a reporting issuer.

Designation

- (11) If the Commission considers that it is in the public interest, it may make an order that, for purposes of Ontario securities law.
 - a person or company is an insider of a reporting issuer if the person or company would reasonably be expected to have, in the ordinary course, access to material information about the business, operations, assets or revenues of the issuer; or
 - (b) a person or company is a reporting issuer.

Terms and conditions

(12) An order under subsection (10) may be made subject to such terms and conditions as the Commission may impose.

Who may apply

(13) An order under subsection (10) or (11) may be made on application by an interested person or by the Director.

Hearing

(14) The Commission shall not make an order under subsection (10) or (11) without giving the person or company that would be subject to the order an opportunity to be heard.

2. Subsection 53(1) of the Act is repealed and the following substituted:

Prospectus required

(1) No person or company shall trade in a security on his, her or its own account or on behalf of any other person or company if the trade would be a distribution of the security, unless a preliminary prospectus and a prospectus have been filed and receipts have been issued for them by the Director.

3. Subsection 61(2) of the Act is repealed and the following substituted:

Refusal of receipt

- (2) The Director shall not issue a receipt for a prospectus or an amendment to a prospectus if it appears to the Director that,
 - (a) the prospectus or any document required to be filed with it,
 - does not comply in any substantial respect with any of the requirements of this Act or the regulations.
 - (ii) contains any statement, promise, estimate or forward-looking information that is misleading, false or deceptive, or
 - (iii) contains a misrepresentation;
 - (b) an unconscionable consideration has been paid or given or is intended to be paid or given for any services or promotional purposes or for the acquisition of property;
 - (c) the aggregate of,
 - the proceeds from the sale of the securities under the prospectus that are to be paid into the treasury of the issuer, and
 - (ii) the other resources of the issuer,

is insufficient to accomplish the purpose of the issue stated in the prospectus;

- (d) the issuer cannot reasonably be expected to be financially responsible in the conduct of its business because of the financial condition of.
 - (i) the issuer,
 - (ii) any of the issuer's officers, directors, promoters, or control persons, or
 - (iii) the investment fund manager of the issuer or any of the investment fund manager's officers, directors or control persons:
- (e) the business of the issuer may not be conducted with integrity and in the best interests of the security holders of the issuer because of the past conduct of,
 - (i) the issuer.
 - (ii) any of the issuer's officers, directors, promoters, or control persons, or
 - (iii) the investment fund manager of the issuer or any of the investment fund manager's officers, directors or control persons:
- (f) a person or company that has prepared or certified any part of the prospectus, or that is named as having prepared or certified a report or valuation used in connection with the prospectus, is not acceptable;
- (g) an escrow or pooling agreement in the form that the Director considers necessary or advisable with respect to the securities has not been entered into; or
- (h) adequate arrangements have not been made for the holding in trust of the proceeds payable to the issuer from the sale of the securities pending the distribution of the securities.

4. Subsection 63(1) of the Act is repealed and the following substituted:

Forms of prospectus

- (1) A person or company may, if permitted by the regulations, file a short form of preliminary prospectus, short form of prospectus, pro forma prospectus, preliminary simplified prospectus, simplified prospectus or pro forma simplified prospectus under section 53 or 62 in the prescribed form and any such prospectus that complies with the applicable regulations shall, for the purposes of section 56, be considered to provide sufficient disclosure of all material facts relating to the securities issued or proposed to be distributed under the prospectus.
- 5. Subsections 72(8) to (11) of the Act are repealed and the following substituted:

List of defaulting reporting issuers

- (8) The Commission may publish a list of reporting issuers who are in default of any requirement of this Act or the regulations.
- 6. Sections 83 and 83.1 of the Act are repealed.
- 7. Subsection 104(1) of the Act is repealed and the following substituted:

Applications to the Commission

- (1) On application by an interested person, if the Commission considers that a person or company has not complied with, or is not complying with, a requirement under this Part or the regulations, the Commission may make an order,
 - (a) restraining the distribution of any document or any communication used or issued in connection with a take-over bid or issuer bid;
 - requiring an amendment to or variation of any document or any communication used or issued in connection with a take-over bid or issuer bid and requiring the distribution of amended, varied or corrected information or documents;

- (c) directing any person or company to comply with a requirement under this Part or the regulations;
- restraining any person or company from contravening a requirement under this Part or the regulations; and
- (e) directing the directors and officers of any person or company to cause the person or company to comply with or to cease contravening a requirement under this Part or the regulations.
- 8. Section 105 of the Act is repealed and the following substituted:

Applications to Court

- 105. On application by an interested person, if the Superior Court of Justice is satisfied that a person or company has not complied with a requirement under this Part or the regulations, the Superior Court of Justice may make such interim or final order as the Court thinks fit, including, without limitation, an order,
 - (a) compensating any interested person who is a party to the application for damages suffered as a result of a contravention of a requirement of this Part or the regulations;
 - (b) rescinding a transaction with any interested person, including the issue of a security or an acquisition and sale of a security:
 - requiring any person or company to dispose of any securities acquired pursuant to or in connection with a take-over bid or an issuer bid;
 - (d) prohibiting any person or company from exercising any or all of the voting rights attaching to any securities; or
 - (e) requiring the trial of an issue.
- 9. Subsection 106(2) of the Act is amended by adding "and" at the end of clause (a), by striking out "and" at the end of clause (b) and by repealing clause (c).
- 10. Sections 107 and 108 of the Act are repealed and the following substituted:

Insider reporting

107. (1) Within 10 days of becoming an insider or within such other time period as may be prescribed, a person or company who becomes an insider of a reporting issuer, other than a mutual fund, shall file a report disclosing, in the prescribed manner and form, any direct or indirect beneficial ownership of or control or direction over securities of the reporting issuer and any interest in, or right or obligation associated with, a related financial instrument and the insider shall make such other disclosure as may be required by the regulations.

Same

- (2) Within 10 days, or within such other time period as may be prescribed, of any change in the direct or indirect beneficial ownership of, or control or direction over, securities of the reporting issuer or any interest in, or right or obligation associated with, a related financial instrument, an insider of a reporting issuer, other than a mutual fund, shall file a report disclosing, in the prescribed manner and form, such change and the insider shall make such other disclosure as may be required by the regulations.
- 11. Section 116 of the Act is repealed and the following substituted:

Standard of care, investment fund managers

- 116. Every investment fund manager,
 - (a) shall exercise the powers and discharge the duties of their office honestly, in good faith and in the best interests of the investment fund; and
 - (b) shall exercise the degree of care, diligence and skill that a reasonably prudent person would exercise in the circumstances.

12. The Act is amended by adding the following section:

Additional remedies

122.1 (1) If a person or company is convicted of an offence under this Act, the court may, in addition to any penalty, order the convicted person or company to make restitution or pay compensation in relation to the offence to an aggrieved person or company.

Notice

(2) If a court makes an order for restitution or compensation, it shall cause a copy of the order or a notice of the content of the order to be given to the person or company to whom the restitution or compensation is ordered to be paid.

Filing

(3) An order for restitution or compensation may be filed with a local registrar of the Superior Court of Justice and the responsibility for filing shall be on the person or company to whom the restitution or compensation is ordered to be paid.

Enforcement

(4) An order for restitution or compensation filed under subsection (3) may be enforced as if it were an order of the court.

Postjudgment interest

(5) Section 129 of the *Courts of Justice Act* applies in respect of an order for restitution or compensation filed under subsection (3) and, for that purpose, the date of filing shall be deemed to be the date of the order.

Limitation

(6) A person or company is not entitled to participate in a proceeding in which an order may be made under this section solely on the basis that the person or company has a right of action against a defendant to the proceeding or that the person or company may be entitled to receive an amount under the order.

Civil remedies protected

(7) A civil remedy for an act or omission is not affected by reason only that an order for restitution or compensation under this section has been made in respect of that act or omission.

13. Clause 130(1)(d) of the Act is repealed and the following substituted:

- (d) every person or company whose consent to disclosure of information in the prospectus has been filed pursuant to a requirement of the regulations but only with respect to reports, opinions or statements that have been made by them; and
- 14. (1) The definition of "control person" in section 138.1 of the Act is repealed.
- (2) The definitions of "core document" and "failure to make timely disclosure" in section 138.1 of the Act are repealed and the following substituted:

"core document" means,

- (a) a prospectus, a take-over bid circular, an issuer bid circular, a directors' circular, a notice of change or variation in respect of a take-over bid circular, issuer bid circular or directors' circular, a rights offering circular, management's discussion and analysis, an annual information form, an information circular, annual financial statements and interim financial statements of the responsible issuer, where used in relation to,
 - (i) a director of a responsible issuer who is not also an officer of the responsible issuer,
 - (ii) an influential person, other than an officer of the responsible issuer or an investment fund manager where the responsible issuer is an investment fund, or

- (iii) a director or officer of an influential person who is not also an officer of the responsible issuer, other than an officer of an investment fund manager,
- (b) a prospectus, a take-over bid circular, an issuer bid circular, a directors' circular, a notice of change or variation in respect of a take-over bid circular, issuer bid circular or directors' circular, a rights offering circular, management's discussion and analysis, an annual information form, an information circular, annual financial statements, interim financial statements and a material change report required by subsection 75(2) or the regulations of the responsible issuer, where used in relation to,
 - (i) a responsible issuer or an officer of the responsible issuer,
 - (ii) an investment fund manager, where the responsible issuer is an investment fund, or
 - (iii) an officer of an investment fund manager, where the responsible issuer is an investment fund, or
- (c) such other documents as may be prescribed by regulation for the purposes of this definition; ("document essentiel")

"failure to make timely disclosure" means a failure to disclose a material change in the manner and at the time required under this Act or the regulations; ("non-respect des obligations d'information occasionnelle")

- (3) Clause (c) of the definition of "influential person" in section 138.1 of the Act is amended by striking out "senior".
- 15. Subsection 138.3(4) of the Act is amended by adding "or the regulations" after "Act".
- 16. (1) Clause 138.4(8)(a) of the Act is amended by adding at the end "or the regulations".
- (2) Clause 138.4(8)(e) of the Act is repealed and following substituted:
 - (e) where the material change became publicly known in a manner other than the manner required under this Act or the regulations, the responsible issuer promptly disclosed the material change in the manner required under this Act or the regulations.
- (3) Subsection 138.4(10) of the Act is amended by adding "or the regulations" after "Act" in the portion before clause (a).
- (4) Subsection 138.4(15) of the Act is amended by adding "or the regulations" after "Act" wherever it appears.
- 17. Subsections 138.5(1) and (2) of the Act are amended by adding "or the regulations" after "Act" wherever it appears.
- 18. (1) Paragraph 9 of subsection 143(1) of the Act is repealed and the following substituted:
 - 9. Providing for exemptions from the requirements of section 41 in respect of dealers.
- (2) Paragraph 15 of subsection 143(1) of the Act is repealed and the following substituted:
 - 15. Prescribing categories or subcategories of issuers for purposes of the prospectus requirements under this Act, the regulations and the rules and classifying issuers into categories or subcategories.
- (3) Paragraph 16 of subsection 143(1) of the Act is amended by striking out the portion before subparagraph i and substituting the following:
 - 16. Regulating in respect of, or varying this Act to facilitate, expedite or regulate in respect of, the distribution of securities, or the issuing of receipts, including by establishing,

.

- (4) Subsection 143(1) of the Act is amended by adding the following paragraph:
 - Prescribing requirements for the certification of prospectuses by persons and companies in relation to the following:

- i. if the issuer is a trust, requiring individuals who perform functions for the issuer similar to those performed by a chief executive officer or chief financial officer of an issuer to certify the prospectus,
- ii. if the issuer is a trust and its business or a material part of its business is conducted through a person or company other than the issuer, requiring a director and the chief executive officer and the chief financial officer of the person or company, or individuals who perform functions for the person or company similar to those performed by a chief executive officer or chief financial officer, to certify the prospectus.
- iii. if the issuer is a limited partnership, requiring the general partner of the issuer and individuals who perform functions for the issuer similar to those performed by a chief executive officer or a chief financial officer of an issuer to certify the prospectus, and
- iv. if the issuer is not organized as a company, trust or limited partnership, requiring persons or companies that perform functions similar to those performed by persons or companies described in subparagraph i, ii or iii or section 58 to certify the prospectus.

(5) Subsection 143(1) of the Act is amended by adding the following paragraph:

- 22.1 Respecting the preparation, form and content requirements applicable to the public dissemination of forward-looking information by reporting issuers where the dissemination is not part of a required filing.
- (6) Paragraph 28 of subsection 143(1) of the Act is amended by,
 - (a) striking out the portion before subparagraph i and substituting the following:
 - 28. Regulating take-over bids, issuer bids, insider bids, going-private transactions, business combinations, and related party transactions, including,

.

- (b) adding "business combinations" after "going-private transactions" in subparagraph v.
- (7) Subsection 143(1) of the Act is amended by adding the following paragraphs:
 - 30.1 Regulating the disclosure or furnishing of information to the public or the Commission by insiders, including,
 - prescribing filing requirements for the reporting by insiders of their respective direct or indirect beneficial ownership of, or control or direction over, securities of a reporting issuer or changes in ownership, control or direction,
 - ii. prescribing requirements respecting the reporting by insiders of any interest in or right or obligation associated with a related financial instrument or changes in such interests, rights or obligations,
 - iii. prescribing requirements respecting the reporting by insiders of any agreement, arrangement or understanding that alters, directly or indirectly, an insider's economic interest in a security or an insider's economic exposure to a reporting issuer or changes in such agreements, arrangements or understandings.
 - Prescribing requirements in respect of a reporting issuer to facilitate compliance by insiders of the reporting issuer with this Act and with the rules made under paragraph 30.1.
 - 30.3 Requiring that reports under paragraph 30.1 shall also provide information for the period of up to six months before a person or company became an insider.

(8) Paragraph 31 of subsection 143(1) of the Act is repealed and the following substituted:

- 31. Regulating investment funds and the distribution and trading of the securities of investment funds, including,
 - varying Part XV or Part XVIII by prescribing additional disclosure requirements in respect of investment funds and requiring or permitting the use of particular forms or types of additional offering or other documents in connection with the funds,

- ii. prescribing permitted investment policy and investment practices for investment funds and prohibiting or restricting certain investments or investment practices for investment funds,
- iii. prescribing requirements governing the custodianship of assets of investment funds,
- iv. prescribing minimum initial capital requirements for investment funds making a distribution and prohibiting or restricting the reimbursement of costs in connection with the organization of a fund,
- v. prescribing matters affecting investment funds that require the approval of security holders of the fund, the Commission or the Director, including, in the case of security holders, the level of approval,
- vi. prescribing requirements in respect of the calculation of the net asset value of investment funds,
- vii. prescribing requirements in respect of the content and use of sales literature, sales communications or advertising relating to investment funds or the securities of investment funds,
- viii. designating mutual funds as private mutual funds and prescribing requirements for private mutual funds.
- ix. respecting sales charges imposed by a distribution company or contractual plan service company under a contractual plan on purchasers of shares or units of an investment fund, and commissions or sales incentives to be paid to registrants in connection with the securities of an investment fund,
- x. prescribing the circumstances in which a plan holder under a contractual plan has the right to withdraw from the contractual plan,
- xi. prescribing procedures applicable to investment funds, registrants and any other person or company in respect of sales and redemptions of investment fund securities and payments for sales and redemptions,
- xii. prescribing requirements in respect of, or in relation to, promoters, advisers or persons and companies who administer or participate in the administration of the affairs of investment funds.

(9) Paragraph 33 of subsection 143(1) of the Act is repealed and the following substituted:

33. Prescribing requirements relating to the qualification of a registrant to act as an adviser to an investment fund.

(10) Subparagraph 35 iii of subsection 143(1) of the Act is repealed and the following substituted:

iii. prescribing requirements that apply to investment funds, commodity pools or other issuers.

(11) Paragraph 36 of subsection 143(1) of the Act is repealed and the following substituted:

36. Varying this Act with respect to foreign issuers to facilitate distributions, compliance with requirements applicable or relating to reporting issuers and the making of take-over bids, issuer bids, insider bids, going-private transactions, business combinations and related party transactions where the foreign issuers are subject to requirements of the laws of other jurisdictions that the Commission considers are adequate in light of the purposes and principles of this Act.

(12) Subparagraphs 40 ii and iii of subsection 143(1) of the Act are repealed and the following substituted:

- ii. designating, for purposes of subsection 88(1), the jurisdictions whose requirements are substantially similar to the requirements of Part XIX,
- iii. designating a person or company for the purpose of the definition of "market participant".
- iv. designating classes of persons or companies not to be insiders for the purpose of the definition of "insider", and
- v. designating classes of persons or companies for the purpose of clause (f) of the definition of "insider" in subsection 1(1), if the persons or companies would reasonably be expected to have, in the ordinary course, access to material information about the business, operations, assets or revenue of the issuer, to be insiders.

(13) Paragraph 46 of subsection 143(1) of the Act is repealed and the following substituted:

46. Providing for electronic signatures for the signing of documents and prescribing the circumstances in which persons or companies shall be deemed to have signed or certified documents on an electronic or computer-based system for any purpose of this Act, the regulations or the rules.

(14) Paragraph 49 of subsection 143(1) of the Act is repealed and the following substituted:

49. Permitting or requiring, or varying this Act to permit or require, methods of filing or delivery, to or by the Commission, issuers, registrants, security holders or others, of documents, information, notices, books, records, things, reports, orders, authorizations or other communications required under or governed by Ontario securities law.

(15) Paragraph 56 of subsection 143(1) of the Act is repealed and the following substituted:

56. Prescribing, providing for exemptions from or varying any or all of the time periods in this Act or the regulations.

19. Paragraph 4 of subsection 143.2(2) of the Act is repealed and the following substituted:

 A reference to the authority under which the rule is proposed or a statement that the Commission is seeking legislative amendments to provide the requisite rule-making authority.

20. (1) Subsections 143.10(3) and (4) of the Act are repealed and the following substituted:

Coming into effect

(3) If the Minister approves the agreement, memorandum of understanding or arrangement, it comes into effect on the date specified in the agreement, memorandum of understanding or arrangement or, if no date is specified, on the day it is approved.

Same

(4) If the Minister does not approve or reject the agreement, memorandum of understanding or arrangement within 60 days after it is published in the Bulletin, it comes into effect on the date specified in the agreement, memorandum of understanding or arrangement or, if no date is specified, on the 60th day after its publication in the Bulletin.

(2) Section 143.10 of the Act is amended by adding the following subsection:

Exception

- (6) The obligation to publish set out in subsection (1) does not apply to an agreement, memorandum of understanding or arrangement if the principal purpose of the agreement, memorandum of understanding or arrangement relates to,
 - (a) the provision of products or services by a party not named in subsection (1);
 - (b) the sharing of costs incurred by a party named in subsection (1); or
 - (c) the provision of services by or temporary transfer of an employee of a party named in subsection (1).

Commencement

21. (1) Subject to subsection (2), this Schedule comes into force on the day the *Budget Measures Act, 2006 (No. 2)* receives Royal Assent.

Same

(2) Subsection 1(8), sections 9 and 10 and subsection 18(7) come into force on a day to be named by proclamation of the Lieutenant Governor.

Chapter 6

Request for Comments

6.1.1 Proposed Amendments to NP 41-201 Income Trusts and Other Indirect Offerings

NOTICE

REQUEST FOR COMMENT

PROPOSED AMENDMENTS TO NATIONAL POLICY 41-201 INCOME TRUSTS AND OTHER INDIRECT OFFERINGS

This notice accompanies proposed amendments to National Policy 41-201 (the Policy), which we are publishing for a 60-day comment period. We invite comment on the proposed amendments to the Policy.

The Federal Department of Finance has recently announced proposals that would significantly change the tax treatment of income trusts and other indirect offering structures. We continue to monitor this development and will continue to consider the impact of these changes on income trusts and other indirect offering structures. Issuers should consider how these changes will impact them and clearly communicate the expected impact to their unitholders.

Introduction

All members of the Canadian Securities Administrators (the CSA or we) originally adopted the Policy in December 2004. Since then many issuers have made income trust offerings in Canada including a number of corporate issuers converting into income trusts. We are proposing amendments to the Policy that would provide additional clarification and guidance on our views about issues relating to income trusts and other indirect offerings.

Summary and Discussion of the Proposed Amendments

We have reorganized the Policy to more clearly group our expectations for the areas of distributable cash, prospectus offerings and continuous disclosure. The following discussion summarizes the key changes to the Policy.

Part 2 - Distributable cash

Part 2 now focuses the guidance specifically on distributable cash. Guidance regarding other disclosure issues and prospectus disclosure is now in Parts 3 and 4, respectively. Part 2 now includes guidance regarding distributable cash previously published in CSA Staff Notice 52-306 – *Non-GAAP Financial Measures* (Staff Notice 52-306) and CSA Staff Notice 41-304 – *Income Trusts: Prospectus Disclosure of Distributable Cash* as well as other additional guidance about distributable cash disclosure.

(i) Section 2.1. What is distributable cash?

As the term 'distributable cash' does not have a standardized meaning, we are concerned that issuers may take the view that, if they simply avoid using this specific term, the guidance regarding distributable cash in the Policy does not apply to their disclosure. We have clarified this issue by indicating that we intend the guidance regarding distributable cash contained in the Policy to apply to all disclosure about cash available for distribution, regardless of the terminology used.

(ii) Section 2.6 What are our expectations about the format of the distributable cash reconciliation?

We have provided more guidance about the presentation of distributable cash reconciliations that builds on the guidelines previously communicated in Staff Notice 52-306. We believe that these proposed presentation guidelines will improve transparency and will allow investors to more easily compare distributable cash reconciliations among income trusts. We also believe that the proposed disclosure will highlight adjustments that are of a more discretionary nature and that this information is useful to investors in analyzing the anticipated distributable cash amounts, particularly the sustainability of such amounts.

We also recommend that issuers refrain from including financial measures such as EBITDA, Adjusted EBITDA and Pro Forma Net Income in the distributable cash reconciliation. The guidelines also suggest some ways issuers can prepare their disclosure so that it is more easily compared to other income trusts. For example, issuers can group the line items that appear in their distributable cash reconciliations under one of four headings (A. Cash flows from operating activities, B. Non-recurring adjustments, C. Maintenance of productive capacity and D. Other adjustments including discretionary items).

Part 3 - Other disclosure issues

We have made a number of minor clarifying amendments to this part. For example, the amendments clarify that, when considering the guidance, issuers should consider how it applies to a range of documents they prepare, including continuous disclosure documents such as Annual Information Forms and Information Circulars.

To improve the organization and usability of the Policy, we relocated guidance about i) what continuous disclosure we expect about operating entities, ii) comparative financial information, iii) recognition of intangible assets and iv) insider reporting to Part 6 – Continuous disclosure-specific issues.

(i) Section 3.7 What disclosure do we expect about an income trust's stability rating?

We understand that some rating agencies are assigning stability ratings to income trusts on an unsolicited basis. These ratings are not based on discussions with the income trust but, rather, on publicly available information. We have amended this section to clarify that the guidance would not apply to unsolicited stability ratings.

Part 4 - Offering-specific issues

This part contains guidance about determining the offering price of an issuer's units, prospectus liability (including promoter liability) and disclosure of vendor accountability in offering documents. While the guidance in this part is substantially unchanged from the original policy, there are proposed changes to the prospectus regime that may impact the liability of promoters and vendors in prospectus offerings by income trusts and other indirect offerings.

The rules regarding prospectus offerings are currently being substantially amended. Among the proposed amendments are provisions indicating who is required to sign the income trust's prospectus certificate page. These proposed amendments will require the chief executive officer and the chief financial officer of the business of the issuer, together with any two trustees of the issuer (on behalf of the trustees of the issuer), to sign the prospectus certificate page of an income trust.

The proposed prospectus amendments in most jurisdictions will also include a prospectus certification requirement for parties classified as 'substantial beneficiaries of the offering'. As currently proposed, this prospectus certification requirement would generally apply to vendors in income trust prospectus offerings.

The proposed changes to the prospectus regime also require operating entities to certify information contained in an offering document where the issuer does not consolidate financial information concerning the operating entity in its financial statements, and is required, or has undertaken, to file or otherwise provide to its security holders separate financial statements of the operating entity.

Part 5 - Sales and marketing materials

(i) Section 5.1 What are our concerns about sales and marketing materials?

We are concerned that issuers may be communicating yield expectations to investors without subsequently disclosing a comparison of these figures to actual results. In connection with their ongoing approach to disclosure, issuers should carefully consider yield expectations previously communicated to investors through sales and marketing materials or otherwise. Whether and to what extent an issuer meets those yield expectations are important aspects of overall disclosure of performance. Issuers should include in their interim and annual MD&A a comparison between the expected yield figure previously disclosed and the actual yield.

(ii) Section 5.2 What information do we expect the green sheets to contain?

We are proposing amendments to the disclosure surrounding the presentation of distributable cash figures which we believe should accompany all disclosures of distributable cash. This means that simply disclosing a distributable cash amount, in a green sheet, press release or other disclosure document, without the appropriate additional disclosure, would not conform to the guidance in the Policy.

Part 6 - Continuous disclosure-specific issues

This part contains much of the guidance from the original policy regarding continuous disclosure matters.

(i) Section 6.1 What continuous disclosure do we expect about the operating entity?

We describe in the Policy the undertakings filed by the issuer to provide unitholders with comprehensive information about the operating entity on an ongoing basis. The amendments regarding undertakings clarify that the financial statements of the

operating entity are to be prepared in accordance with the same generally accepted accounting principles as are used by the issuer and accompanied by management's discussion and analysis prepared by the operating entity in accordance with Form 51-102F1. We have added specific wording with our proposed amendments to clarify our existing expectations in this regard.

These undertakings are most commonly provided in connection with an income trust's initial public offering. We have clarified that issuers should provide these undertakings in connection with any direct or indirect acquisition by an issuer of an interest in an operating entity. We also added similar clarification in connection with the undertaking relating to insiders and insider reporting obligations in section 6.4 of the Policy.

(ii) Section 6.2 Comparative financial information

This section of the Policy provided guidance on the financial statement and MD&A disclosure we expected in the income trust's first year after becoming a reporting issuer but did not focus on interim reporting. We have found that income trusts often became reporting issuers on a date within a given interim period. Our proposed amendments now clarify the relevant MD&A disclosure that income trusts should provide about the trust and the predecessor business in its first interim MD&A.

(iii) Section 6.3 Recognition of intangible assets

This section now includes a discussion about the GAAP requirements to recognize all intangible assets acquired in a business combination and describe in any offering document the method used to value the intangible assets.

(iv) Section 6.5 MD&A

(a) Subsection 6.5.1 Risks and uncertainties

We have observed that disclosure regarding the provisions for the replacement and maintenance of capital assets is often inadequate in the income trust context. We have expanded on the guidance in the original policy about disclosure of risks and uncertainties and to indicate that issuers should provide a detailed risk factor discussion about the potential commitment to replace and maintain capital assets.

(b) Subsection 6.5.2 Discussion of distributed cash

In order to assess the sustainability of distributions, unitholders need information about the source(s) of the distributed cash that they receive. Whether the issuer borrowed amounts to finance distributions, and whether distributions include amounts that are not properly classified as a return on investment, is information that assists the investor in making assessments of the health of the business. An issuer that is distributing cash in excess of its cash flows from operating activities may be making distributions at the expense of its productive capacity and sustainability of future distributions.

This subsection includes guidance on how existing MD&A disclosure requirements can be met to address these concerns. We include an example and related disclosure guidance that provides transparency about the relationship between historical distributions and cash flows from operating activities and net income (loss).

Part 7 Corporate governance

We clarified some provisions of this part relating to the disclosure of differences between corporate law protections and those provided by an issuer's declaration of trust. We note that the Uniform Law Conference of Canada has undertaken a project to consider whether legislation governing income trusts should be developed and has released a draft Uniform Income Trusts Act. We also note the project undertaken by the Canadian Coalition for Good Governance to consider governance issues for income trusts. We will continue to monitor these projects and consider any findings and recommendations that come from them.

Other Issues

We added another part to the Policy to address more miscellaneous matters.

- i) We remind issuers that they should exercise caution when selecting a name to ensure that it does not inadvertently suggest that the issuer is an investment fund or mutual fund.
- ii) The Canadian Performance Reporting Board (CPRB) of the Canadian Institute of Chartered Accountants also published for comment a draft interpretive release providing guidance on reporting distributable cash in MD&A by income trusts and other flow-through entities. Many aspects of the CPRB proposal are consistent with the guidance contained in this Policy, as amended.

The primary difference between the CPRB's and the CSA's approach is that, under the CPRB approach, allowable adjustments to cash flow from operating activities are specifically defined whereas the CSA approach is more disclosure based. Existing CSA guidance as well as our proposed amendments to NP 41-201 permit issuers more discretion in determining acceptable adjustments in the calculation of distributable cash. One specific difference in these approaches relates to adjustments for the maintenance of productive capacity. The CPRB guidance limits these adjustments to cash outflows that are capitalized under GAAP. Our guidance contemplates that issuers would assess their current and future cash needs in determining the appropriate amount to include in the determination of distributable cash for the maintenance of productive capacity. However, like the CPRB proposal, both approaches require detailed explanations behind all adjustments made. We look forward to discussing with the CPRB the comments that they receive on their distributable cash guidance.

Reliance on Unpublished Studies, Etc.

In developing the Policy, we did not rely on any significant unpublished study, report, decision or other written materials.

Comments

Please provide your comments by March 6, 2007 by addressing your submission to the securities regulatory authorities listed below. We will not consider comments received after March 6, 2007.

Address submissions to the following securities regulatory authorities:

Ontario Securities Commission
Alberta Securities Commission
British Columbia Securities Commission
Autorité des marchés financiers
Saskatchewan Financial Services Commission
The Manitoba Securities Commission
Nova Scotia Securities Commission

You do not need to deliver your comments to all of the CSA member commissions. Please deliver your comments to the following, and they will be distributed to all other jurisdictions by CSA staff.

PROPOSED AMENDMENTS TO NATIONAL POLICY 41-201 INCOME TRUSTS AND OTHER INDIRECT OFFERINGS

Table of Contents

Part 1 - Introduction

- 1.1 What is the purpose of the policy?
- 1.2 What do we mean when we refer to an income trust in this policy?
- 1.3 What is an operating entity?
- 1.4 How is an income trust structured?
- 1.5 What is an income trust offering?
- 1.6 How does an indirect offering differ from a direct offering?

Part 2 - Distributable cash

- 2.1 What is distributable cash?
- 2.2 Do income trusts provide investors with a consistent rate of return?
- 2.3 How do the distribution policies of the income trust and the operating entity affect an investor's rate of return?
- 2.4 What prospectus cover page disclosure do we expect about distributable cash?
- 2.5 What disclosure do we expect about non-GAAP financial measures such as distributable cash?
- 2.6 What are our expectations about the format of the distributable cash reconciliation?
- 2.7 What disclosure do we expect about the adjustments and assumptions underlying distributable cash?
- 2.8 When should the estimate of distributable cash be derived from a forecast?

Part 3 - Other disclosure issues

- A. Material debt
 - 3.1 Why are we concerned about material debt?
 - 3.2 What disclosure do we expect about material debt?
 - 3.3 Are agreements relating to the material debt considered to be material contracts of the income trust?
 - 3.4 Do we expect the income trust to include a separate risk factor about the material debt?
- B. Stability ratings
 - 3.5 What is a stability rating?
 - 3.6 Does an income trust need to obtain a stability rating?
 - 3.7 What disclosure do we expect about an income trust's stability rating?
- C. Executive compensation
 - 3.8 What disclosure do we expect the income trust to provide about executive compensation for the operating entity?
 - 3.9 What disclosure do we expect about the income trust's management contracts and management incentive plans?
 - 3.10 Do we expect management contracts and management incentive plans to be filed on SEDAR?
- D. Risk factors

8.1 Income trust names

NATIONAL POLICY 41-201

INCOME TRUSTS

AND

OTHER INDIRECT OFFERINGS

Part 1 - Introduction

1.1 What is the purpose of the policy?

It is a fundamental principle that everyone investing in securities should have access to sufficient information to make an informed investment decision. The Canadian Securities Administrators (the CSA or we) believe that there are distinct attributes of an investment in income trust units that should be clearly disclosed.

Within our securities regulatory framework, raising capital in the public markets results in certain rights and obligations attaching to issuers and investors. We believe that it would be beneficial to express our view in a policy about how the existing regulatory framework applies to non-corporate issuers (such as income trusts) and to indirect offering structures in order to minimize inconsistent interpretations and to better ensure that the intent of the requirements is preserved. Our concerns relate to the quality and nature of prospectus and continuous disclosure, accountability for prospectus disclosure and liability for insider trading. We have drafted a policy rather than a rule because we believe that the existing regulatory framework captures the issues relating to income trusts and other indirect offering structures. Our goal is to provide guidance and recommendations about how income trusts and other indirect offering structures fit within the existing regulatory framework rather than create a new regulatory framework for income trusts and other indirect offering structures. We also identify factors that relate to the exercise of the regulator's discretion in a prospectus offering.

This policy provides guidance and clarification by all jurisdictions represented by the CSA. Although the primary focus of this policy is on income trusts, we believe that much of the guidance and clarification that we provide is useful for other indirect offering structures. As well, the principles can apply more generally to issuers that offer securities which entitle holders of those securities to net cash flow generated by the issuer's business or its properties. We provide guidance about prospectus disclosure and prospectus liability to minimize situations where staff might recommend against issuance of a receipt for a prospectus where it would appear that the offering may be contrary to the public interest due to insufficient disclosure, structure of the offering, or other factors.

Although the focus of this policy is on the income trust structure in the context of offerings by way of prospectus, these principles also apply to income trust structures in other contexts, such as the reorganization of a corporate entity into a trust. Although an offering document is not prepared in a reorganization, we expect that the information circular provided to relevant security holders, and that contains prospectus-level disclosure, will follow the principles set out in this policy. In addition when we are determining whether to grant exemptive relief to an income trust issuer in connection with a reorganization or other similar transaction, we will consider the principles described in Part 3 of this policy.

Many of the principles set out in this policy also apply to income trusts in the fulfillment of their continuous disclosure obligations.

1.2 What do we mean when we refer to an income trust in this policy?

When we refer to an income trust or issuer in this policy, we are referring to a trust or other entity (including corporate and non-corporate entities) that issues securities which entitle the holder to net cash flows generated by: (i) an underlying business owned by the trust or other entity, or (ii) the income-producing properties owned by the trust or other entity. This includes business income trusts, real estate investment trusts and royalty trusts. In our view, this does not include an entity that falls within the definition of "investment fund" contained in National Instrument 81-106 *Investment Fund Continuous Disclosure*, or an entity that issues asset-backed securities or capital trust securities.

1.3 What is an operating entity?

In the most basic income trust structure, the operating entity is: (i) a subsidiary of the income trust with an underlying business, or (ii) income-producing properties owned directly by the income trust. In more complex structures, there may be a number of intervening entities above the operating entity. Generally, the operating entity is the first entity in the structure that has an underlying business that generates cash flows. There may be more than one operating entity in the income trust structure.

In addition to identifying the operating entity, it is also important to understand the operating entity's business. In some cases, its business is to own, operate and produce revenues from its assets. In other cases, its business is to own an interest in a joint venture or to derive a revenue stream from holding a portfolio of investments or financial instruments.

1.4 How is an income trust structured?

Typically, an income trust holds a combination of debt and equity or royalty interests in an entity owning or operating a business. Net cash flows generated by the operating entity's business are distributed to the income trust. The income trust then distributes some or all of that cash flow to its investors (referred to as unitholders or investors).

1.5 What is an income trust offering?

In a typical income trust offering, an income trust is created to distribute units to the public. The income trust then uses the proceeds from the offering to acquire debt and equity or royalty interests in the operating entity, or interests in income producing properties. We view the income trust offering as a form of indirect offering. Instead of offering their securities directly to the public, the vendors sell their interests in the operating entity to the income trust. The income trust purchases those interests with proceeds that it raises through its offering of units to the public. The interests in the operating entity that the income trust acquires are thus indirectly offered to the public. Through their direct investment in units of the income trust, unitholders hold an indirect interest in the operating entity.

By issuing units under a prospectus, the income trust becomes a reporting issuer (or equivalent) under applicable securities laws. The operating entity typically remains a non-reporting issuer.

1.6 How does an indirect offering differ from a direct offering?

In a conventional direct offering, interests in the operating entity are offered to the public through a public distribution of the operating entity's securities. By contrast, in an indirect offering, interests in the operating entity are not offered directly to the public but are instead acquired by a separate entity (for example, an income trust or its subsidiary). The securities of this separate entity, such as units of a trust, are offered to the public under a prospectus. The issuer applies the proceeds of the offering to satisfy the purchase price of the interests in the operating entity.

In a direct initial public offering, an issuer may choose to finance the acquisition of another business with proceeds raised under the offering. In that scenario, the issuer and the vendors of the business are generally arm's length parties. This differs from the structure of an indirect offering, such as the initial public offering by most income trusts, where the income trust and the vendors of the business are not arm's length parties.

In an indirect offering, the vendors negotiate the terms of the purchase of the business by the income trust, and are also involved in the negotiation of the terms of the public offering with the underwriter(s).

If vendors initiate or are involved in the initial public offering process, we believe that they are effectively accessing the capital markets themselves. We consider them to be non-arm's length vendors. This fact gives rise to the concerns that we describe in Part 4. Non-arm's length vendors that are involved in a follow-on offering are also effectively accessing the capital markets through an indirect offering, and the concerns that we describe in Part 4 are equally applicable.

Part 2 - Distributable cash

2.1 What is distributable cash?

Distributable cash is a non-GAAP measure that generally refers to the net cash generated by the income trust's businesses or assets that is available for distribution, at the discretion of the income trust, to the income trust's unitholders. In this policy the term "distributable cash" also applies to other non-GAAP terms used to describe the amount available for distribution to an income trust's or other indirect offering structure's securityholders (e.g. distributable income).

The cash that is available to an income trust for distribution per unit varies with the operating performance of the income trust's business or assets, its capital requirements, debt obligations and the number of units outstanding.

Income trust distributions are, for Canadian tax purposes, composed of different types of payments that are referred to as "returns on capital" or "returns of capital." These terms are also used more generally, to make an economic rather than a tax-driven distinction. The underlying concern is that the amount of cash distributed by an income trust may sometimes be greater than what it can safely distribute without eroding its productive capacity and threatening the sustainability of its distributions. In this situation, the "excess" amount of the distribution may be regarded as an economic "return of capital." We are concerned that disclosure by income trusts has not always been sufficiently plain to allow an investor to assess whether a possible concern exists in this respect.

Please refer to subsection 6.5.2 for guidance on how issuers can address these concerns.

2.2 Do income trusts provide investors with a consistent rate of return?

No. In many ways, investing in an income trust is more like an investment in an equity security rather than in a debt security. A fundamental characteristic that distinguishes income trust units from traditional fixed-income securities is that the income trust does not have a fixed obligation to make payments to investors. In other words, it has the ability to reduce or suspend distributions if circumstances warrant (see section 2.3 below for further details). In contrast to a traditional fixed-income security, the trust's ability to consistently make distributions to unitholders is closely tied to the operations of the operating entity or the performance of the income trust's assets. The performance of the operating entity may fluctuate from period to period, which might impact both the distributions paid and value of the issuer's units.

Unlike an issuer of a fixed-income security, an income trust does not promise to return the initial purchase price of the unit bought by the investor on a certain date in the future. Investors who choose to liquidate their holdings would generally do so by selling their unit(s) in the market at the prevailing market price.

In addition, unlike interest payments on an interest-bearing debt security, income trust cash distributions are, for Canadian tax purposes, composed of different types of payments (portions of which may be fully or partially taxable or may constitute tax-deferred returns of capital). The composition for tax purposes of those distributions may change over time, thus affecting the after-tax return to investors. Therefore, a unitholder's rate of return over a defined period may not be comparable to the rate of return on a fixed-income security that provides a "return on capital" over the same period. This is because a unitholder in an income trust may receive distributions that constitute a "return of capital" to some extent during the period. Returns on capital are generally taxed as ordinary income or as dividends in the hands of a unitholder. Returns of capital are generally tax-deferred (and reduce the unitholder's cost base in the unit for tax purposes).

2.3 How do the distribution policies of the income trust and the operating entity affect an investor's rate of return?

The distribution policy of the income trust generally stipulates that payments that the income trust receives from the operating entity (such as interest payments on the debt and dividends paid to common shareholders) will be distributed to unitholders. The distribution policy of the operating entity will generally stipulate that distributions to the income trust will be restricted if the operating entity breaches its covenants with third-party lenders (such as maintaining specified financial ratios or satisfying its interest and other expense obligations). Other operating entity obligations such as funding employee incentive plans or funding capital expenditures will frequently rank in priority to the operating entity's obligations to the income trust. In addition, the operating entity, or the income trust, might retain a portion of available distributable cash as a reserve. Funds in this reserve may be drawn upon to fund future distributions if distributable cash generated is below targeted amounts in any period.

2.4 What prospectus cover page disclosure do we expect about distributable cash?

To ensure that the information described in sections 2.1, 2.2 and 2.3 is adequately communicated to investors, we recommend that issuers include language substantively similar to the following on the prospectus cover page:

A return on your investment in • is not comparable to the return on an investment in a fixed-income security. The recovery of your initial investment is at risk, and the anticipated return on your investment is based on many performance assumptions. Although the income trust intends to make distributions of its available cash to you, these cash distributions may be reduced or suspended. The actual amount distributed will depend on numerous factors including: [insert a discussion of the principal factors particular to this specific offering that could affect the predictability of cash flow to unitholders]. In addition, the market value of the units may decline if the income trust is unable to meet its cash distribution targets in the future, and that decline may be significant.

It is important for you to consider the particular risk factors that may affect the industry in which you are investing, and therefore the stability of the distributions that you receive. See, for example, ***, under the section "Risk Factors" [insert specific cross-reference to principal factors that could affect the predictability of cash flow to unitholders]. This section also describes the issuer's assessment of those risk factors, as well as the potential consequences to you if a risk should occur.

The after-tax return from an investment in units to unitholders subject to Canadian income tax can be made up of both a return on and a return of capital. That composition may change over time, thus affecting your after-tax return. [If a forecast has been prepared, include specific disclosure about the estimated portion of the investment that will be taxed as a return on capital and the estimated portion that will be taxed as return of capital. If the issuer cannot estimate the portion that will be a return of capital, state that it is unable to reasonably estimate the return of capital on anticipated distributions, and that this amount might vary materially from period to period.] Returns on capital are generally taxed as ordinary income or as dividends in the hands of a unitholder. Returns of capital are generally tax-deferred (and reduce the unitholder's cost base in the unit for tax purposes).

2.5 What disclosure do we expect about non-GAAP financial measures such as distributable cash?

Under GAAP, an income trust must disclose the cash distributed to unitholders in its financial statements. In addition to GAAP disclosure, income trusts generally also include disclosure about historical distributable cash figures in continuous disclosure documents and estimated distributable cash in their prospectuses. Because distributable cash is a non-GAAP financial measure, an income trust's distributable cash disclosure should include a reconciliation to the most directly comparable measure calculated in accordance with GAAP.

We have concluded that distributable cash is a cash flow measure, not an operating measure. Therefore, distributable cash is fairly presented only when reconciled to cash flows from operating activities as presented in the income trust's financial statements. For clarity, cash flows from operating activities includes changes during the period in non-cash working capital balances.

We expect issuers to define any non-GAAP financial measure and to explain its relevance to ensure it does not mislead investors. Issuers presenting non-GAAP financial measures should present those measures on a consistent basis from period to period. Specifically, in respect of distributable cash, income trusts should:

- 1. state explicitly that distributable cash does not have any standardized meaning prescribed by GAAP and is therefore unlikely to be comparable to similar measures presented by other issuers;
- 2. present cash flows from operating activities with equal or greater prominence than distributable cash;
- 3. explain why distributable cash provides useful information to investors and how management uses distributable cash as a financial measure;
- 4. provide a clear quantitative reconciliation from distributable cash to cash flows from operating activities, referencing to the reconciliation when distributable cash first appears in the disclosure document; and
- explain any changes in the composition of distributable cash when compared to previously disclosed measures.

2.6 What are our expectations about the format of the distributable cash reconciliation?

When presenting a reconciliation of distributable cash, income trusts should discuss the various adjustments included in the reconciliation and these adjustments should be grouped separately based on the nature of the adjustment. This leads to greater consistency and comparability in distributable cash presentation among income trusts. In addition, when presenting a reconciliation of distributable cash, income trusts should avoid the use of other non-GAAP financial measures in the reconciliation. For example, it is inappropriate to include financial measures such as EBITDA, Adjusted EBITDA, and Pro Forma Net Income in the distributable cash reconciliation.

One example for grouping the adjustments in the reconciliation of distributable cash is:

- a. <u>Cash flows from operating activities</u> Cash flows from operating activities is the starting point for distributable cash reconciliations.
- b. <u>Non-recurring adjustments</u> Generally, an item is considered non-recurring if a similar charge or gain is not reasonably likely to occur within the next two years or if it has not occurred during the prior two years. An example of a non-recurring item is a payment in connection with litigation or a penalty that was levied in the current year and is not expected to be incurred going forward.
- c. <u>Maintenance of productive capacity</u> The actual amount of cash distributed by an income trust depends on numerous factors, including the operating entity's financial performance, working capital requirements and future capital requirements. Adjustments for amounts to maintain the productive capacity of the issuer at current levels should be included here.
 - Other examples of adjustments that might be included in this section include provisions for maintaining or replacing mineral reserves or for asset retirement obligations.
- d. Other adjustments including discretionary items We recognize that, in limited circumstances, certain adjustments may not properly be classified as non-recurring or an adjustment relating to maintenance of productive capacity. We expect income trusts to clearly explain the basis for inclusion of these adjustments and any underlying assumptions which are being relied upon.

2.7 What disclosure do we expect about the adjustments and assumptions underlying distributable cash?

Income trusts should consider how best to provide transparency about the presentation of each adjusting item included in a reconciliation of distributable cash, including a discussion of the work that was done by the issuer to ensure the completeness and reasonableness of the information.

Generally, to achieve acceptable transparency, the reconciliation of distributable cash to cash flows from operating activities should be accompanied by detailed disclosure that:

- explains the purpose and relevance of the distributable cash information;
- (ii) describes the extent to which actual financial results are incorporated into the reconciliation;
- (iii) explicitly states that the reconciliation has been prepared using reasonable and supportable assumptions, all of which reflect the income trust's planned courses of action given management's judgment about the most probable set of economic conditions; and
- (iv) cautions investors that actual results may vary, perhaps materially, from the forward-looking adjustments.

We further expect adjustments made in the reconciliation of distributable cash to cash flows from operating activities to be supported by:

- (i) a detailed discussion of the nature of the adjustments;
- (ii) a description of the underlying assumptions used in preparing each element of the forward-looking information and the forward-looking information as a whole, including how those assumptions are supported; and
- (iii) a discussion of the specific risks and uncertainties that may affect each individual assumption and that may cause actual results to differ materially from the distributable cash figure.

For assumptions to be supportable, they should take into account the past performance of the underlying operating entity, the performance of other entities engaged in similar activities, and any other sources that provide objective corroboration of the assumptions used. Further, for assumptions to be considered reasonable, we believe that they should be consistent with the anticipated plans of the income trust.

In some circumstances, assumptions may be consistent with the issuer's anticipated plans but may not provide an adequate level of transparency about the sustainability of distributable cash. It is important for income trusts to disclose all factors, events or conditions that are likely to occur in the future that may impact the sustainability of future distributions.

For example, capital expenditures to replace productive capacity may be relatively low in initial years but may rise significantly in later years. In these instances, adequate disclosure of the adjustment for estimated future capital maintenance expenditures might include a discussion of the time period over which the income trust anticipates incurring capital maintenance expenditures at the level disclosed and any expected long-term plans to replace productive capacity. A clear and complete explanation of the reasons why these provisions will be adequate to cover future capital requirements and why these amounts vary from historical amounts, if applicable, should be provided.

Another example of providing adequate transparency about the sustainability of distributable cash relates to instances where an issuer makes prior arrangements with investors. For example, for some income trusts, the original vendors' entitlement to cash distributions based on their continuing interest is subordinated to that of other investors. The original vendors will not receive cash distributions for a defined period of time if the estimated level of distributable cash disclosed in the prospectus is not achieved. Distributable cash available for distribution to other investors may be higher in the short term while cash distributions are not paid to the original vendors, however may decrease once the subordination conditions are satisfied. In these instances, the key terms and impact of these arrangements should be summarized in proximity to the distributable cash information.

2.8 When should the estimate of distributable cash be derived from a forecast?

If estimated distributable cash information contained in a prospectus includes forward-looking adjustments that are based on significant assumptions, as defined in the CICA Handbook, and those adjustments materially affect estimated distributable cash, we expect the quantitative reconciliation to begin with cash flows from operating activities derived from a forecast prepared in accordance with CICA Handbook section 4250 – *Future-Oriented Financial Information* (S. 4250 forecast). We expect these forward-looking adjustments to be integrated into the S. 4250 forecast, and the S. 4250 forecast to be included in the prospectus.

A S. 4250 forecast may not be necessary if the adjusting items are derived from historical amounts and the adjusting items can be adequately explained by alternative disclosures. Alternative disclosures may include:

- historical financial statements that support the adjustments. In some cases, a recent acquisition may not be considered significant under the significant acquisition tests set out in OSC Rule 41-501 General Prospectus Requirements (Rule 41-501) (or its successor) or the equivalent rule in the applicable jurisdiction for purposes of providing financial statements of the acquired entity. However, the acquisition's anticipated impact on distributable cash may be material. In these cases, income trusts may choose to provide financial statements of the acquired entity in the prospectus in addition to those required by Rule 41-501, and, when appropriate, to incorporate these financial statements into pro forma financial statements of the issuer; or
- other historical financial information that supports the calculation of the adjustments.

In some cases, distributable cash disclosures may contain adjusting items that are based on recent contracts or agreements for which historical financial statements or other historical financial information is not available. In these cases, alternative disclosure may include a detailed description of the contract or agreement including the relevant terms and conditions of the contractual commitment and any other financial information that supports the amount of the adjusting item.

Part 3 - Other disclosure issues

A. Material debt

3.1 Why are we concerned about material debt?

We are concerned about debt obligations that are incurred by the operating entity or other entity that rank before unitholders' entitlement to receive cash distributions. Although many non-income trust issuers have similar, or less conservative, capital structures, we are particularly concerned about the sensitivity of income trusts to cash flows. Specifically, we are concerned about reductions in distributions that might arise from increases in interest charges on floating-rate debt, a breach of financial covenants, a refinancing on less advantageous terms, or a failure to refinance.

3.2 What disclosure do we expect about material debt?

We expect the principal terms of the material debt to be included in an income trust prospectus and in the income trust's Annual Information Form (AIF) filed under National Instrument 51-102 *Continuous Disclosure Obligations*, or its successor (NI 51-102). This would include the following information about the debt:

- (a) the principal amount and the anticipated amount to be outstanding when the offering is closed,
- (b) the term and interest rate (including whether the rate is fixed or floating),
- (c) the terms on which the debt is renewable, and the extent to which those terms could have an impact on the ability to distribute cash,
- (d) the priority of the debt relative to the securities of the operating entity held by the income trust,
- (e) any security granted by the income trust to the lender over the operating entity's assets, and
- (f) any other covenant(s) that could restrict the ability to distribute cash.

3.3 Are agreements relating to the material debt considered to be material contracts of the income trust?

We consider that in most cases, agreements relating to the material debt that have been negotiated with a lender other than the income trust, will be material contracts pursuant to Rule 41-501 and NI-51-102 (or their respective successors) if terms of those agreements have a direct correlation with the anticipated cash distributions. For example, distributions from the operating entity to the income trust may be restricted if the operating entity fails to maintain certain covenants under a credit agreement. If the agreement contains terms that have a direct correlation with the anticipated cash distributions, and will be entered into on or about closing, we expect it to be listed as a material contract in the prospectus and AIF. We also expect a copy of the material agreement and any amendments to be filed on SEDAR.

3.4 Do we expect the income trust to include a separate risk factor about the material debt?

Yes. We expect the income trust to include a separate risk factor about the material debt in the income trust's prospectus and AIF. A full and complete discussion of this risk factor would include the following:

- (a) the need for the borrower to refinance the debt when the term of that debt expires,
- (b) the potential negative impact on the ability of the issuer and/or its subsidiaries to make distributions if the debt is replaced by new debt that has less favourable terms,
- (c) the impact on distributable cash if the borrower cannot refinance the debt, and
- (d) the fact that the ability of the operating entity to make distributions, directly or indirectly, to the income trust may be restricted if the borrower fails to maintain certain covenants under the credit agreement (such as a failure to maintain certain customary financial ratios).

B. Stability ratings

3.5 What is a stability rating?

A stability rating is an opinion of an independent rating agency about the relative stability and sustainability of an income trust's cash distribution stream. Standard & Poor's (S&P's) and Dominion Bond Rating Services (DBRS) currently provide stability ratings on Canadian income trusts. A stability rating reflects the rating agency's assessment of an income trust's underlying business model, and the sustainability and variability in cash flow generation in the medium to long-term. The objective of these stability ratings is to compare the stability of rated Canadian income trusts with one another within a particular sector or industry.

3.6 Does an income trust need to obtain a stability rating?

No. However, the CSA believes that stability ratings offered by rating agencies, such as S&P's and DBRS, can provide useful information to investors.

Some investors who choose to invest in income trust units may base that decision primarily on the cash flow generated by the operating entity. Distributable cash is often presented as a measure of the issuer's potential to generate cash for distribution. Stability ratings can supplement the presentation of distributable cash to provide an independent opinion on the ability of an income trust to meet its distributable cash targets consistently over a period of time relative to other rated Canadian income trusts within a particular sector or industry.

3.7 What disclosure do we expect about an income trust's stability rating?

If an income trust has asked for and received a stability rating, we expect the rating to be described on the cover page of the prospectus and in the income trust's AIF. We expect the income trust to include disclosure about the rating in accordance with section 10.8 of Ontario Securities Commission Form 41-501F1 Information Required in a Prospectus (or its successor), section 10.8 of Schedule 1 Information Required in a Prospectus to Quebec's Regulation Q-28 respecting General Prospectus Requirements (or its successor), section 7.9 of Form 44-101F1 Short Form Prospectus (or its successor) or Item 7.3 of Form 51-102F2 (or its successor). We recommend that this disclosure explain that a rating measures an income trust's stability relative to other rated Canadian income trusts within a particular sector or industry. We also remind issuers of their statutory obligation to make timely disclosure of any material change in their affairs, which would include any change in a stability rating that constitutes a material change.

We understand that some stability ratings are provided to income trusts on an unsolicited basis. These ratings are not based on discussions with the income trust but, rather, on publicly available information. Our disclosure expectations do not extend to unsolicited stability ratings.

C. Executive compensation

3.8 What disclosure do we expect the income trust to provide about executive compensation for the operating entity?

We believe that the executive compensation of the operating entity's executives is important information for investors. We expect the income trust to provide that information in its prospectus and information circular as if the operating entity were a subsidiary of the income trust.

3.9 What disclosure do we expect about the income trust's management contracts and management incentive plans?

We believe that the material terms of management contracts and management incentive plans are relevant information for investors if terms of those contracts or plans have an impact on distributable cash. For example, if the term "distributable cash" is defined in a unique way in a management contract, we expect that term of the contract to be described. A further example

would be information about why an issuer has decided to use an external management company rather than retain an internal management structure or, conversely, why an issuer has internalized management. We expect disclosure about those contracts and plans to be included in applicable disclosure documents. If those contracts and plans have not been finalized prior to the filing of an initial public offering (final) prospectus, we expect the anticipated material terms to be described in the prospectus.

3.10 Do we expect management contracts and management incentive plans to be filed on SEDAR?

We expect the material contracts and plans referred to in section 3.9 to be filed on SEDAR. If those material contracts and plans have not been finalized before filing a prospectus, we expect the income trust to provide an undertaking from the income trust and the operating entity to the securities regulatory authorities that those contracts and plans will be filed as soon as practicable after execution.

D. Risk factors

3.11 General

In the offerings context, income trusts are required to disclose all relevant risk factors relating to the offering in the prospectus. A complete discussion of risk factors for an income trust would include the principal factors related to the specific offering that could affect the predictability of cash flow distributions to unitholders. It would also assess the likelihood of a risk occurring as well as the potential consequences to a unitholder if a risk should occur. Relevant risk factors can include risks relating to the operating entity business, the potential inapplicability to unitholders of certain corporate law rights and remedies, the potential inapplicability of insolvency and restructuring legislation in the trust context, and other factors relevant to income trusts and other indirect offerings that we have described in this policy. Income trusts should also note that risk factor disclosure is required on an ongoing basis in the issuer's AIF in accordance with Item 5.2 of Form 51-102F2 (or its successor).

Part 4 - Offering-specific issues

A. Determination of offering price

4.1 What disclosure do we expect about the determination of the price of an income trust's units?

We do not currently ask that income trusts obtain a third-party valuation of the operating entity interests to be acquired (unless that valuation is otherwise required under securities legislation). However, if a third-party valuation is obtained in an initial public offering, we expect the income trust to describe the valuation in the prospectus and to file the valuation on SEDAR. We expect the description to identify the parties involved, the principal variables and assumptions used in the valuation (particularly those which could, if adversely altered, cause a deterioration in the value of the issuer's investment). If no third-party valuation is obtained, we expect the prospectus to disclose that fact and to state that the price of the issuer's units was determined solely through negotiation between the operating entity security holders and the underwriter(s).

B. Prospectus liability

4.2 What is the regulatory framework?

The central element of the prospectus system is the requirement that disclosure of all material facts relating to the offered securities and the issuer be provided so that investors can make informed investment decisions.

Although the prospectus serves a role in marketing securities, from a regulatory perspective it is also a disclosure document that can give rise to liability. To provide discipline on prospectus disclosure, and to protect the integrity of the Canadian public markets, securities legislation imposes liability on certain persons involved in a public offering for any misrepresentation (as defined in applicable securities legislation) in a prospectus. Specifically, where a prospectus contains a misrepresentation, investors have the right to either rescind their purchases or to claim damages from the issuer or selling security holder that sold the securities, every director of the issuer, any promoters of the issuer, the underwriter(s) and certain other parties. Each of those parties (including each selling security holder) is jointly and severally liable for the damages experienced by investors as a result of the misrepresentation(s). We note that although "selling security holder" is not defined under applicable securities laws, the term is generally considered to mean persons who are selling securities of the class being distributed under the prospectus.

4.3 How does the regulatory framework about prospectus liability apply to indirect offerings?

In an indirect offering, the issuer uses the proceeds to acquire a business (and perhaps to repay indebtedness), and the disclosure (including financial disclosure) in the prospectus describes both the acquired business and the issuer. The proceeds are not retained by the issuer, and any prospectus misrepresentation that adversely affects the value of the acquired business may diminish the issuer's ability to satisfy a damages claim.

An underwriter's statutory liability in an indirect offering is the same as it is in a conventional direct offering. Underwriters sign a certificate about the disclosure contained in the issuer's prospectus and are potentially liable for a misrepresentation in the prospectus.

With respect to prospectus liability, what is different in the context of an indirect offering is that the former owners of the operating entity (referred to as vendors) who sell their ownership interests in the operating entity to the issuer and who are effectively accessing the public markets to liquidate their holdings, are not generally considered to be "selling security holders" within the meaning of securities legislation, as they are not selling the securities being offered under the prospectus. As a result, vendors who indirectly receive part of the proceeds of the offering in exchange for their operating entity interests do not (unless they qualify as promoters, which issue is addressed below) have statutory liability for a prospectus misrepresentation as they would if their operating entity security interests had been distributed directly to the public. Vendors of businesses to conventional issuers undertaking a direct offering would also not be considered "selling security holders" although they indirectly receive offering proceeds. However, as noted above, we believe those circumstances differ from an indirect offering because access to the public markets is being initiated primarily not by those vendors but by the conventional issuer.

4.4 Promoter liability

4.4.1 What is the meaning of promoter?

Persons that are promoters of an issuer within the meaning of securities legislation are required to sign the issuer's prospectus in that capacity. As a consequence, those persons assume joint and several liability for prospectus misrepresentations up to a maximum amount equal to the gross proceeds of the offering. The term "promoter" is defined differently in provincial securities legislation across the CSA jurisdictions. It is not defined in the *Securities Act* (Québec), and a broad approach is taken in Québec with respect to examining those persons who would be considered promoters. We believe that a vendor that receives, directly or indirectly, a significant portion of the offering proceeds as consideration for services or property in connection with the founding or organizing of the business of an income trust issuer, is a promoter and should sign the prospectus in that capacity.

4.4.2 What constitutes the "business" of the income trust?

In the context of indirect offerings, there appears to be uncertainty about whether the "business of an issuer", as that phrase is often used in the definition of "promoter" in some of the CSA jurisdictions, refers to the business of the issuer (the income trust) or to the business of the operating entity. More specifically, the question is whether the test depends on a person's involvement in the founding, organization or substantial reorganization of the operating entity's business, or whether involvement in the founding, organization, or substantial reorganization of the income trust itself will qualify a person as a promoter.

We believe that in most cases, the business of the income trust issuer is primarily to complete the public offering and to acquire the operating entity interest. Therefore, we generally focus on a person's involvement in the founding, organization, or substantial reorganization of the income trust itself.

We also believe that any person who initiated or took part in the formation, organization or substantial reorganization (as those terms are often used in the definition of "promoter") of the operating entity would not cease to be a promoter under the offering solely due to use of an indirect offering structure. The relationship between the income trust and the operating entity is not sufficiently at arm's length to support this result. The question of whether a person takes part in the founding, organizing or substantial reorganizing of the income trust's business and of the operating entity's business is one of fact. Therefore, we would expect this determination to be made by the income trust and the underwriter(s) after reviewing the relevant facts.

4.4.3 What disclosure do we expect about the implications of the operating entity being identified as a promoter?

Where the operating entity signs the prospectus as promoter but the vendors are retaining no interest, or only a nominal interest, in the operating entity upon closing of the offering, the right to claim damages from the operating entity for misrepresentations offers limited or no additional benefit to investors. This is because all or a substantial majority of the interests in the operating entity are acquired by the income trust. Therefore, we expect the prospectus to describe that, despite the operating entity's statutory liability for a misrepresentation in the prospectus, there will be little or no practical benefit to investors who choose to exercise those rights against the operating entity. This is because a successful judgment would result in a deterioration of the operating entity's value (frequently the sole asset of the income trust) and a resulting decline in the value of the investor's securities. It is also likely that the operating entity would have a limited ability to satisfy the claim.

We believe this type of disclosure would be helpful to investors who may not understand the implications of the operating entity being identified as a promoter of the income trust, as is often the case.

Conversely, where the vendors retain a meaningful interest in the operating entity, the characterization of the operating entity as promoter will offer an additional benefit because the value in the operating entity held by vendors as their retained interest would

be available to contribute to satisfying a damages claim without investors suffering a corresponding decline in the value of their securities of the income trust.

4.5 Contractual accountability

4.5.1 What accountability for prospectus disclosure is typically assumed by vendors through contractual arrangements?

Our review of indirect offering prospectuses indicates that in situations where vendors have not signed the prospectus, they typically assume, by contract, responsibility for matters relating to the operating entity's business. Vendors typically provide representations and warranties about the operating entity and its business to the issuer under the agreement (the acquisition agreement) pursuant to which the vendors sell, and the issuer acquires, the operating entity interests. As well, in several indirect offerings, the vendors have provided a representation in the acquisition agreement about the absence of any misrepresentation in the prospectus (a prospectus representation).

4.5.2 What are our concerns about the application of the regulatory framework to indirect offerings?

We are concerned that:

- (i) investors in indirect offering structures may not appreciate that there is not always a statutory right of action against the vendors as there would be in a direct offering if the vendors were considered "selling security holders".
- (ii) prospectus representations may not be given by vendors in circumstances where we would consider those representations to be appropriate,
- (iii) prospectus disclosure of the vendors' representations and warranties, and limitations, in the acquisition agreement may not be sufficiently detailed or clearly set out to permit investors to understand the vendors' contractual accountability, and
- (iv) the vendors' representations and warranties may not adequately address the potential loss of rights and remedies that securities legislation would provide to investors in a direct offering.

4.5.3 What disclosure do we expect about the accountability of the vendors?

To address the concerns described in subsection 4.5.2, we expect prospectuses relating to indirect offerings, where part of the proceeds are being paid to vendors, to:

- (i) include a clear statement that investors may not have a direct statutory right of action against each vendor for a misrepresentation in the prospectus unless that vendor is a promoter or director of the issuer, or is otherwise required to sign the prospectus,
- (ii) include a detailed description of the vendors' representations, warranties and indemnities contained in the acquisition agreement (and any significant related limitations) and details about the negotiations (including the parties involved), together with a summary of these items in the summary section of the prospectus,
- (iii) identify the acquisition agreement as a material contract and provide disclosure advising investors to review the terms of the acquisition agreement for a complete description of the vendors' representations, warranties and indemnities, and related limitations, and
- (iv) identify what measures have been implemented to provide investors with rights and remedies against the vendors in lieu of those afforded by securities legislation in a direct offering.

We also expect the summary of the relevant acquisition agreement provisions to include clear disclosure about the following:

- (i) the aggregate cash proceeds being paid to the vendors for the sale of their operating entity interests,
- (ii) the nature of the representations and warranties provided by the vendors, including any significant qualifications, and specifically whether a prospectus representation is provided,
- (iii) the period of time that the representations and warranties will survive after closing,
- (iv) any monetary limits on the vendors' indemnity obligations, and

(v) any other limitations on, or qualifications to, the vendors' indemnity obligations.

We expect the summary of the acquisition agreement terms to provide investors with a clear description of the extent to which the vendors are supporting, with meaningful indemnities, the representations and warranties in favour of the issuer.

CSA staff may consider recommending against the issuance of a receipt for a prospectus if vendors receive cash proceeds from an indirect offering by selling their operating entity interests and do not take appropriate responsibility (directly or indirectly) for the information provided as a basis for the offering through the acquisition agreement, or as a result of signing the prospectus, or otherwise.

4.5.4 What are our concerns about the nature and extent of the representations and indemnities provided by vendors in the acquisition agreement?

Circumstances, including the nature of the operating entity and its business and the nature and extent of the vendors' interests (individually and in the aggregate) and their involvement in the operating entity, will affect the types of representations, warranties and indemnities that can reasonably be expected to be provided to the issuer by vendors in the context of an indirect offering.

Examples of circumstances where we have had concerns about vendors not taking this responsibility in the context of indirect offerings have included situations where:

- (i) certain vendors (active vendors), such as:
 - vendors that affect materially the control of the operating entity prior to the offering, and are involved
 in the offering process and/or the management or supervision of management of the operating entity
 prior to the offering,
 - vendors that influence (whether alone or in conjunction with others) the offering process, and
 - members of senior management of the operating entity

sell a substantial portion of their interest in the operating entity to the issuer on closing but do not

- a. sign the issuer's prospectus as promoter, or
- b. provide a prospectus representation in the acquisition agreement;
- (ii) a vendor's obligation to indemnify the issuer if the prospectus representation is untrue is limited to an amount less than the proceeds received by the vendor from the sale of the vendor's interest in the operating entity or is subject to a deductible or other threshold that precludes claims against the vendors that are not, individually or in the aggregate, above a certain value; and
- (iii) the vendor's responsibility for the information on which the offering is based is reduced unduly, having regard to the nature of the vendor's investment, as a result of the period during which claims may be asserted against the vendor for an untrue prospectus representation being significantly below the period in which claims may be asserted against the issuer for a prospectus misrepresentation.

If an active vendor's liability for an untrue representation in the acquisition agreement is conditional on the active vendor having knowledge of the inaccuracy, we expect that the active vendor would generally have a corresponding obligation to take reasonable steps to support the representation. For example, we would expect a non-management active vendor to make appropriate inquiries of management of the operating entity.

The CSA acknowledges that there may be constraints on the indemnities that certain vendors can provide and the survival period of those indemnities. In assessing whether the vendors have taken appropriate responsibility (directly or indirectly) for the information provided as a basis for the offering, we will generally assess the entire framework of representations, warranties and indemnities provided by the vendors as a group, as opposed to assessing each component or vendor individually. We believe this approach is consistent with the commercial realities within which the parties to those transactions allocate the risks and rewards of the transactions.

Part 5 - Sales and marketing materials

5.1 What are our concerns about sales and marketing materials?

Registrants often solicit interest from potential investors during the "waiting period" between the issuance of a receipt for a preliminary prospectus and the issuance of a receipt for the prospectus, and in the period following the receipt for the prospectus until the primary distribution is completed. Along with the distribution of the preliminary prospectus (or prospectus, if then available) to potential investors, that process often involves the preparation and distribution of materials (such as green sheets) for the benefit of registered salespersons and banking group members. The information included in those materials is typically a simplified version of the disclosure in the prospectus, and must be limited to information included in, or directly derivable from the prospectus (the exceptions are information about the basic terms of comparable offerings and general market information not specific to the issuer).

Marketing materials used in the context of income trust offerings often include prominent reference to "yield". We are concerned that expressions of "yield" in those marketing materials may not be clearly understood, both because the term itself may have connotations or common usages that are not consistent with the attributes of income trust units and because the relationship between the "yield" described in the marketing materials and the information in the prospectus may not be clear.

"Yield" is generally used in the context of income trust offerings to refer to the return that would be generated over a one-year period, as a percentage of the offering price of the units, if the amounts intended to be distributed by the income trust according to its distribution policy are so distributed. In connection with their ongoing approach to disclosure, issuers should carefully consider yield expectations previously communicated to investors through sales and marketing materials or otherwise. Whether and to what extent those yield expectations are met are important aspects of overall disclosure of performance. Issuers should include in their interim and annual MD&A, where applicable, a comparison between the expected yield figure previously communicated and the actual yield.

5.2 What information do we expect the green sheets to contain?

We are concerned that use of the term "yield" in these marketing materials may imply that the distribution entitlement is fixed. We expect expressions of yield to be accompanied by disclosure that, unlike fixed-income securities, there is no obligation of the income trust to distribute to unitholders any fixed amount, and reductions in, or suspensions of, cash distributions may occur that would reduce yield based on the offering price.

A related concern is that disclosure of a yield in marketing materials may cause confusion because yield is not typically disclosed in the prospectus. If marketing materials contain an expression of yield, we expect the statement to be tied to the disclosure in the prospectus on which the marketing is based (including, in particular, the pro forma presentation of distributable cash in the prospectus). Specifically, we expect expressions of yield in income trust offering marketing materials to be accompanied by disclosure indicating the proportion of the pro forma distributable cash (as set out in the prospectus) that the stated yield would represent. Guidance for the disclosure about distributable cash in the green sheets is set out in subsection 6.5.2 of this policy.

In addition, if reference is made to tax efficiencies that may be realized on distributions (such as returns of capital to investors), we expect that disclosure to be clear and, to the extent practical, quantified. For example, the estimated tax-deferred portion of distributions for the foreseeable period, and the tax implications, should be clearly stated or cross-referenced.

5.3 Do we expect income trusts to provide us with copies of their green sheets?

Yes. We expect income trust issuers to provide copies of all green sheets to the securities regulatory authorities when filing the preliminary prospectus, together with separate documentation providing a clear and concise explanation of how the yield figure (if contained in the green sheet) is derived from the prospectus disclosure. In addition, we may request that additional sales and marketing materials used in connection with an income trust offering be provided.

Part 6 - Continuous disclosure-specific issues

6.1 What continuous disclosure do we expect about the operating entity?

We believe that an income trust's performance and prospects depend primarily on the performance and operations of the operating entity. To make an informed decision about investing in an income trust's units, an investor generally needs comprehensive information about the operating entity, including: (i) the operating entity's interim and annual financial statements together with corresponding management discussion and analysis for those periods, (ii) complete business disclosure about the operating entity of the scope expected in an annual information form, and (iii) press releases and material change reports about any material changes in the business, operations or capital of the operating entity.

If a business acquisition report (a BAR) is filed for the acquisition by the trust of the operating entity, in accordance with Part 8 of NI 51-102 (or its successor), the income trust must include within the BAR updated financial information about the operating entity.

To the extent the securities laws in some CSA jurisdictions are ambiguous about whether the disclosure described above about the operating entity is required by a reporting issuer that is an income trust or other non-corporate entity, we expect the income trust issuer to file one or more undertakings with the regulatory authorities prior to receiving a receipt for a prospectus, completing a plan of arrangement involving an operating entity or otherwise acquiring a direct or indirect interest in an operating entity. The following is an example of an undertaking that we would expect:

- (i) in complying with its reporting issuer obligations, the income trust will treat the operating entity as a subsidiary of the income trust; however, if generally accepted accounting principles (GAAP) used by the income trust prohibit the consolidation of financial information of the operating entity and the income trust, then for as long as the operating entity (including any of its significant business interests) represents a significant asset of the income trust, the income trust will provide unitholders with separate audited annual financial statements and interim financial statements, prepared in accordance with the same GAAP as the income trust's financial statements, and related management's discussion and analysis, prepared in accordance with National Instrument 51-102 Continuous Disclosure Obligations or its successor, for the operating entity (including information about any of its significant business interests), and
- (ii) the income trust will annually certify that it has complied with this undertaking, and file the certificate on SEDAR concurrently with the filing of its annual financial statements.

We recognize that there are circumstances where the income trust does not have direct access to the operating entity's financial information. For example, in situations where the income trust holds less than a 50% interest in an operating entity, it may be difficult for the income trust to have direct access to that operating entity's financial information. In those types of scenarios, we expect the income trust to ensure that it can follow the guidance described in this section 6.1 either through terms of the acquisition agreement or otherwise.

6.2 Comparative financial information

Most income trusts are the continuation of an existing business that was previously operated under a different legal form (for example, a corporation). We believe that the change in legal form does not alter the substance of the business operations and therefore does not prevent an income trust from presenting comparative financial information for the underlying business during its initial interim and annual periods including the interim period during which the trust came into existence.

For those acquisitions accounted for by the purchase method, we expect income trusts to provide comparative financial information for the predecessor business in their interim and annual management's discussion and analysis (MD&A). For trusts that are created on a date within a given interim period, we expect the trust's first interim MD&A to include both financial information about the predecessor business (from the beginning of the applicable interim period to the date of the creation of the trust), and financial information about the trust (beginning as of the date of its creation). Examples of relevant comparative information would include, but would not be limited to, the following:

- revenues/sales,
- cost of sales,
- gross margin,
- general and administrative expenses, and
- net income.

In situations where the transfer of the operating business into an income trust is accounted for at carrying amounts, we expect the income trust to provide complete financial statements with comparative figures that also reflect the operations of the business under the previous legal entity.

Where an issuer may believe that providing comparative information would not be appropriate, such as in certain situations where the income trust is formed as a result of multiple acquisitions, we encourage the issuer to engage in discussions with the relevant securities regulatory authority(ies) prior to filing the applicable continuous disclosure document(s).

6.3 Recognition of intangible assets

GAAP requires the appropriate recognition of all intangible assets acquired in business combinations. In addition, the intangible assets acquired must be assigned a portion of the total cost of the purchase based on their fair values at the date of acquisition. To assist investors in understanding the objectivity of the valuation process and the cost assigned to the intangible assets, income trusts should provide in the offering document a description of the method(s) used to value the intangible assets.

6.4 Are "insiders" of the operating entity also insiders of the income trust for purposes of insider reporting obligations?

Consistent with our belief that the performance and prospects of the income trust depend on the performance and prospects of the operating entity, we believe each person who would be an "insider" (as that term is defined in applicable securities legislation) of the operating entity if the operating entity were a reporting issuer should comply with insider reporting requirements as if that person were also an insider of the trust.

To the extent the securities laws in certain CSA jurisdictions are ambiguous about whether insiders of the operating entity are also insiders of the income trust or other non-corporate entity, that issuer is expected to file an undertaking with the regulatory authorities prior to receiving a receipt for a prospectus, completing a plan of arrangement involving an operating entity or otherwise acquiring a direct or indirect interest in an operating entity. We expect the undertaking to provide that for so long as the income trust is a reporting issuer, the income trust will take the appropriate measures to require each person who would be an insider of the operating entity or a person or company in a special relationship with the operating entity if the operating entity were a reporting issuer to: (i) file insider reports about trades in units of the income trust (including securities which are exchangeable into units of the trust), and (ii) comply with statutory prohibitions against insider trading. The income trust is expected to annually certify in the certificate described in 6.1(ii) above that it has complied with this undertaking.

We are concerned that additional persons that may possess material undisclosed information about the income trust may: (i) not fall within the definition of "insider" (as that term is defined in applicable securities legislation) or (ii) not be caught by the undertaking. As a result, there may be situations where we will request that additional undertakings be provided. The income trust will need to obtain the contractual commitments from the persons and entities in order to comply with these undertakings.

Recent amendments to securities legislation in Alberta deem insiders of operating entities and management companies to be insiders of the income trust. The CSA is in the process of developing a proposed national rule that would harmonize and streamline the requirements for insiders of reporting issuers to file insider reports. We expect that the proposed national rule will include harmonized requirements for insiders of operating companies and management companies to file insider reports about their transactions involving securities of the income trust. Pending the implementation of the proposed national insider reporting rule, we will continue to expect income trusts to provide the undertaking described above.

6.5 MD&A

6.5.1 Risks and uncertainties

Under Form 51-102F1, an income trust must discuss important trends and risks that have affected the operating entity's financial statements, and trends and risks that are reasonably likely to affect them in the future. Although the instructions in Form 51-102F1 do not specifically state it, to meet the requirement to disclose risks, income trusts should provide a detailed risk factor discussion about the potential commitment to replace and maintain capital assets, including a quantitative discussion about expected annual capital maintenance expenditure levels relative to current levels, and the expected effect on distributions.

6.5.2 Discussion of distributed cash

Although most income trusts intend to make distributions of their available cash to unitholders, these cash distributions are not assured. The actual amount distributed depends on numerous factors, including the operating entity's financial performance, debt covenants and obligations, working capital requirements and future capital requirements. It is important for unitholders to have information about the source(s) of the distributed cash that they receive, including whether the issuer borrowed amounts to finance distributions, and whether distributions include amounts that are not properly classified as a return on capital. Although the instructions in Form 51-102F1 do not specifically state it, to meet the disclosure requirements for liquidity in Form 51-102F1, income trusts should provide sufficient disclosure about their sources of funding relating to current and future cash distributions so unitholders can understand what portion, if any, of the distributions they received were funded by non-operating cash flows. Also, income trusts should quantify these amounts and discuss the impact on the trust's long-term ability to sustain distributions if non-operating cash flows are being used to fund distributable cash.

An income trust can overcome the concerns noted in section 2.1 and in this subsection by providing information in its interim and annual MD&A that summarizes the main elements of its performance that are necessary to assess the sustainability of its cash distributions. One way to summarize this information is by using a table similar to the following:

		For the most recently completed quarter	Accumulated for the current fiscal year (Year 1)	Previously comple		
				(Year 2)	(Year 3)	
A.	Cash flows from operating activities	<u>\$ XX</u>	<u>\$ XX</u>	<u>\$ XX</u>	<u>\$ XX</u>	
В.	Net Income (loss)	<u>\$ XX</u>	<u>\$ XX</u>	<u>\$ XX</u>	<u>\$ XX</u>	
C.	Actual cash distributions paid or payable relating to the period **	\$ XX	\$ XX	<u>\$_XX</u>	<u>\$ XX</u>	
D.	Excess (shortfall) of cash flows from operating activities over cash distributions paid (A) – (C) ***	\$ XX	\$ XX	<u>\$ XX</u>	<u>\$ XX</u>	
E.	Excess (shortfall) of net income over cash distributions paid (B) – (C) ***	<u>\$ XX</u>	<u>\$ XX</u>	<u>\$ XX</u>	\$ XX	

- * takes into account changes in non-cash working capital balances
- ** includes distributions paid or payable on all classes of units and any special distributions paid or payable during the period
- income trusts might choose to present the excess (shortfall) in rows D and/or E in the form of a ratio or percentage. In these instances, we expect this ratio or percentage to be determined based solely on amounts included in rows A, B, and C, as applicable, from the above table.

The above table provides clear disclosure about the relationship between cash flows from operating activities and net income (loss), and historical distributed cash amounts.

When cash distributions are greater than either net income (loss) or cash flow from operating activities, creating a shortfall in any of the columns in the above table, disclosure of the following, as applicable, will help to provide a balanced discussion of the issuer's results of operations and financial condition:

- (i) why the trust has chosen to make distributions partly representing an economic return of capital, or, alternatively, why it does not believe that any portion of those distributions should be regarded as an economic return of capital,
- (ii) a quantification and description of the sources of cash used to fund the shortfall,
- (iii) the obligations of the issuer or its subsidiaries in connection with the sources of cash used to fund the shortfall, including repayment terms and interest payable,

- (iv) whether any material contract was amended in connection with the funding of the shortfall and whether any waivers or consents were obtained,
- (v) whether the issuer expects that cash distributions will continue, for the foreseeable future, to exceed net income and/or cash flow from operations. If so, the trust should specifically address what implications this has for the sustainability of distributions. If not, the issuer should explain the reasons why it does not expect the situation to continue, and
- (vi) whether the issuer anticipates that cash distributions may be suspended in the foreseeable future.

If cash distributions paid do not equal distributable cash, the issuer should also discuss the reasons for the difference between the two amounts. If cash distributions paid materially exceed distributable cash, we would expect the disclosure of distributable cash to include a detailed explanation of how the additional distributions were financed as this impacts the issuer's liquidity. Generic boiler-plate language about the issuer's sources of available capital or financing or simply pointing the reader to the cash flow statement for further information is not sufficient. When distributions paid are materially less than distributable cash, we would expect the disclosure of the amounts distributed to include an explanation of why distributable cash was not fully distributed

In order to meet the objectives of MD&A, disclosure of an issuer's distributable cash for a period should be accompanied by the information referred to in sections 2.5, 2.6, 2.7 and 2.8, as applicable, as well as in the above table and accompanying narrative. Issuers should also refer to the guidance in sections 2.5, 2.6, 2.7, 2.8 and subsection 6.5.2 of this policy when considering how to present disclosure of an issuer's distributable cash, including disclosure contained in annual and interim MD&A, news releases and sales and marketing materials such as green sheets. See also Part 5 of this policy.

Part 7 - Corporate governance

7.1 CEO/CFO certification, audit committees, and effective corporate governance

How each of the issuer and the operating entity will discharge their governance responsibilities is important information for investors. We expect issuers to provide prospectus disclosure about how each of the issuer and the operating entity will satisfy governance responsibilities including how they will comply with the following instruments or their successors as applicable in each jurisdiction:

- (a) Multilateral Instrument 52-109 Certification of Disclosure in Issuers' Annual and Interim Filings (MI 52-109).
- (b) Multilateral Instrument 52-110 Audit Committees or BCI 52-509 Audit Committees, as applicable,
- (c) National Policy 58-201 Corporate Governance Guidelines, and
- (d) National Instrument 58-101 Disclosure of Corporate Governance Practices.

For example, we suggest that the issuer disclose which persons will be signing as chief executive officer and/or chief financial officer to meet the requirements of MI 52-109.

In particular, income trusts should refer to the following sections of the above-noted instruments or the related companion policies for specific guidance about income trusts and other similar structures:

- (a) part 4 of Companion Policy 52-109CP to Multilateral Instrument 52-109 Certification of Disclosure in Issuers' Annual and Interim Filings,
- (b) section 1.2 of Companion Policy 52-110CP to Multilateral Instrument 52-110 Audit Committees, and
- (c) section 1.2 of National Policy 58-201 Corporate Governance Guidelines.

7.2 Broader corporate law concerns

Corporations are governed by corporate statutes regulating their key obligations and the rights afforded to their shareholders. There is no equivalent statutory regime governing non-corporate structures like income trusts. Investors must look to the declaration of trust documents of each trust to determine the key obligations of the trust and unitholder rights and protections. It is important that unitholders understand that the provisions of the declarations of trust may differ from the minimum standards required under applicable corporate statutes and among the various income trusts.

To facilitate the unitholders' understanding of these differences, we recommend that issuers compare the rights and obligations generally available to corporate shareholders by way of the corporate statutes with those provided in the declaration of trust, highlighting any material differences. For example, under corporate law, a corporation is required to hold an annual meeting enabling shareholders to exercise the right to elect directors to the board. If the declaration of trust does not enable unitholders to elect the directors to the board of the income trust, this fact should be clearly identified.

Because we are concerned that a unitholder in an income trust may not be afforded the same protections, rights and remedies as a shareholder in a corporation, we also recommend that issuers provide the following disclosure in the issuer's AIF (if an AIF is filed) and any prospectus filed by the issuer:

A unitholder in the income trust has all of the material protections, rights and remedies a shareholder would have under the *Canada Business Corporations Act*. These protections, rights and remedies are contained in the [trust indenture, dated ***].

OR

A unitholder in the income trust has all of the material protections, rights and remedies a shareholder would have under the CBCA, except for the following: [list protections, rights and remedies that are not available to a unitholder.] The protections, rights and remedies available to a unitholder are contained in the [trust indenture, dated ***].

Some corporate legislation such as section 21 of the *Canada Business Corporations Act* provides a mechanism for persons to request a shareholder list for the purpose of making an offer to acquire securities of a corporation. An income trust that refuses to provide a unitholders' list should refer to National Policy 62-202 - *Take-Over Bids - Defensive Tactics* or in Québec Notice 62-202 Relating to Take-Over Bids – Defensive Tactics in the context of a potential offeror requesting a unitholders' list. If this is a tactic that is likely to deny or severely limit the ability of its unitholders to respond to a take-over bid or a competing bid, action by the Canadian securities regulatory authorities may be warranted.

Part 8 - Other issues

8.1 Income trust names

As discussed above in section 1.2, this policy is intended to address income trusts, not "investment funds" as defined in National Instrument 81-106 *Investment Fund Continuous Disclosure*, or an entity that issues asset-backed securities or capital trust securities. On its initial formation an income trust should exercise caution to ensure that its disclosure makes it clear to investors that it is not an investment fund or mutual fund. Income trusts should avoid adopting a name that may mislead investors as to the nature of the issuer's structure or business purp1ose. By using terms such as 'equity fund' or 'income growth' in the name, an issuer may be inadvertently suggesting that it is an investment fund or mutual fund. Investors should be provided with a clear understanding of the structure of the issuer and the nature of the securities that they are investing in.

6.1.2 Proposed NP 12-202 Revocation of a Compliance-related Cease Trade Order

REQUEST FOR COMMENT

PROPOSED NATIONAL POLICY 12-202 REVOCATION OF A COMPLIANCE-RELATED CEASE TRADE ORDER

Introduction

We, the Canadian Securities Administrators (CSA), are publishing for comment proposed National Policy 12-202 Revocation of a Compliance-related Cease Trade Order (the Policy). The Policy describes how the regulators will generally exercise their discretion when deciding whether to revoke a cease trade order prohibiting trading in the securities of an issuer for failure to comply with continuous disclosure requirements. The Policy applies to cease trade orders imposed against an issuer as well as management cease trade orders as described in CSA Staff Notice 57-301 Failing to File Financial Statements on Time - Management Cease Trade Orders.

Substance and Purpose

The Policy

- harmonizes and streamlines review procedures among the CSA;
- provides guidance for issuers subject to a cease trade order;
- explains factors the regulators will consider when evaluating an application for a partial or full revocation of a cease trade order.

Summary of the Policy

The Policy provides guidance for issuers subject to a cease trade order (including management cease trade orders) imposed for failure to comply with continuous disclosure requirements. The Policy explains how an issuer should apply for a partial or full revocation of a cease trade order. It explains the factors the regulators will consider when assessing an application.

The Policy indicates that an issuer must generally file all outstanding continuous disclosure materials and pay all outstanding fees before the regulators will revoke a cease trade order.

The Policy also discusses other circumstances and terms on which the regulators might grant a partial or full revocation.

Unpublished materials

In developing the Policy, we have not relied on any significant unpublished study, report, decision or other written materials.

Request for Comments

We welcome your comments on the proposed Policy.

Please submit your comments in writing on or before March 6, 2007. If you are not sending your comments by email, a diskette containing the submissions (in Windows format, Word) should also be forwarded.

Address your submissions to the CSA member commissions, as follows:

British Columbia Securities Commission
Alberta Securities Commission
Saskatchewan Financial Services Commission
Manitoba Securities Commission
Ontario Securities Commission
Autorité des marchés financiers
New Brunswick Securities Commission
Nova Scotia Securities Commission

Deliver your comments only to the addresses that follow. Your comments will be forwarded to the other CSA member jurisdictions.

Mike Mumby Senior Securities Analyst, Corporate Finance Alberta Securities Commission 4th Floor, 300 - 5th Avenue SW Calgary, Alberta T2P 3C4

PART	TITLE

Part 1 Introduction

Part 2 Definitions

Part 3 Qualification and Criteria for Revocation

3.1 Full revocations

3.2 Partial revocations

Part 4 Applications

- 4.1 Application for a full revocation
- 4.2 Application for a partial revocation

Appendix A - Section references for an application under local securities legislation.

Part 1 Introduction

This policy provides guidance for issuers that are subject to a CTO, including a management cease trade order described in CSA Staff Notice 57-301 Failure to File Financial Statements on Time – Management Cease Trade Orders, issued as a result of failing to comply with continuous disclosure requirements.

This policy explains what an issuer should do to apply for a partial or full revocation of a CTO. It describes what the issuer should file, the general type of review that the securities regulatory authorities (or "we") will perform, and explains some of the factors that we will consider when determining whether to grant a full or partial revocation of the CTO.

Although this policy provides guidance to issuers applying for a revocation order, the policy also applies, where the context permits, to a securityholder or other party applying for a revocation order.

Part 2 Definitions

In this policy:

"annual meeting requirement" means the requirement in applicable corporate legislation or equivalent non-corporate requirements to hold an annual meeting of securityholders;

"application" means an application for a partial or full revocation of a CTO submitted to the applicable jurisdictions (see Appendix A for section references); if the CTO has been in effect for 90 days or less in British Columbia, the filing of the required continuous disclosure documents constitutes the application;

"CTO" means a cease trade order issued against an issuer or its management prohibiting trading in the securities of the issuer as a result of a failure to comply with continuous disclosure requirements;

"MD&A" means management's discussion and analysis as defined in National Instrument 51-102 Continuous Disclosure Obligations;

"MI 52-109" means Multilateral Instrument 52-109 Certification of Disclosure in Issuers' Annual and Interim Filings;

"MRFP" means management's report on fund performance as defined in National Instrument 81-106 Investment Fund Continuous Disclosure; and

"partial revocation order" means an order that permits one or more issuers or individuals to conduct specific trades (distribution in Quebec) when a CTO is in effect.

Terms defined in National Instrument 14-101 *Definitions* have the same meaning in this policy.

Part 3 Qualification and Criteria for Revocation

3.1 Full revocations

(1) <u>Filing requirements</u>

Generally, we will not exercise our discretion to grant a full revocation order unless the issuer has filed all its outstanding continuous disclosure documents. The most common filing deficiencies relate to disclosure documents required under:

- (a) National Instrument 51-102 Continuous Disclosure Obligations;
- (b) Multilateral Instrument 52-109 Certification of Disclosure in Issuers' Annual and Interim Filings;
- (c) National Instrument 81-106 Investment Fund Continuous Disclosure;
- (d) National Instrument 43-101 Standards of Disclosure for Mineral Projects;
- (e) National Instrument 51-101 Standards of Disclosure for Oil and Gas Activities;
- (f) Multilateral Instrument 52-110 Audit Committees or BC Instrument 52-509 Audit Committees; and
- (g) National Instrument 58-101 Disclosure of Corporate Governance Practices.

(2) Exceptions to interim filing requirements

In exercising our discretion to revoke a CTO, we may not require the issuer to file certain outstanding interim financial statements, interim MD&A, interim certificates or interim MRFP, if the issuer has filed:

- (a) all outstanding audited annual financial statements, annual MD&A, annual certificates and annual MRFP required to be filed under applicable securities legislation;
- (b) all outstanding annual information forms, information circulars and material change reports required to be filed under applicable securities legislation; and
- (c) all outstanding interim financial statements (which include the applicable comparatives from the prior fiscal year), interim MD&A, interim certificates and interim MRFP for all interim periods in the current fiscal year required to be filed under applicable securities legislation.

(3) Exceptions to annual filing requirements

In certain cases, an issuer seeking a revocation order may consider that the length of time that has elapsed since the date of the CTO may make the preparation and filing of all outstanding disclosure difficult, or of limited use to investors. This may particularly apply to disclosure for older periods, or periods prior to a significant change in the issuer's business. An issuer seeking a revocation order in these circumstances should make detailed submissions explaining its position. In appropriate cases, we will consider whether the filing of certain outstanding disclosure might not be necessary as a precondition of a revocation order. The factors we may consider include:

- age of information to be contained in the filing information from older periods may be less relevant than information from more recent periods;
- (b) access to records lack of access to records may hinder compliance with some filing requirements;
- (c) activity during the period if an issuer was inactive or changed its business during a certain period, disclosure of information from or prior to this period may be less relevant;
- (d) length of time the CTO has been in effect;
- (e) changes to issuer's management; and
- (f) whether the historical disclosure relates to significant transactions or litigation.

However, we generally consider that disclosure for periods within the most recent three financial years of the issuer is useful information for investors. We generally do not consider the time and cost required to prepare disclosure to be a compelling factor in our determination of the disclosure to be provided in connection with an application to revoke a CTO.

(4) Outstanding fees

Before we will issue a revocation order, the issuer must pay all outstanding fees to each relevant jurisdiction. Outstanding fees generally include, where applicable, all activity and participation fees, and late filing fees.

Depending on how long the CTO has been in effect, and whether the issuer filed its continuous disclosure documents in a timely manner while it was cease-traded, the amount of outstanding fees can be considerable. Before submitting an application, issuers should contact the relevant regulators to confirm the fees that will be payable.

(5) Annual meeting

An issuer that applies for the revocation of a CTO should ensure that it has complied with the annual meeting requirement.

If the issuer has not complied with the annual meeting requirement, we will generally not exercise our discretion to issue a revocation order unless the issuer provides an undertaking to the relevant securities regulatory authorities to hold the annual meeting within three months after the CTO is revoked.

(6) Recurring CTOs

An issuer that has been subject to another CTO within the 12-month period before the date of the current CTO should provide a detailed explanation in its application of the reasons for the repeated defaults.

In addition, we may request that the issuer provide an action plan that includes specific policies and procedures that the issuer will follow to ensure compliance with continuous disclosure requirements.

(7) News release

When a revocation order is issued, if the revocation of the CTO is a "material change", the issuer is required by securities legislation to issue and file a news release and material change report. If the revocation of the CTO is not a material change, the issuer should consider issuing a news release that announces the revocation of the CTO and outlines the issuer's future plans.

If the issuer has ceased to carry on an active business, or its business purpose has been exhausted or abandoned, the news release should disclose this. The news release should also describe the issuer's immediate future plans or state that the issuer has no immediate future plans.

3.2 Partial revocations

(1) <u>Permitted transactions</u>

We will consider granting partial revocation orders to permit certain transactions involving trades (distribution in Quebec) in securities of the issuer, such as private placements or share-for-debt transactions, to allow the issuer to recapitalize or to raise sufficient funds to prepare and file outstanding continuous disclosure documents. We will generally not exercise our discretion to grant a partial revocation order unless the issuer intends to subsequently apply for a full revocation order and reasonably anticipates having sufficient resources after the proposed transaction to bring its continuous disclosure and fees up to date.

Other circumstances may arise that warrant a partial revocation order. For example, we will generally grant a partial revocation order to permit a securityholder to sell securities for a nominal amount solely to establish a tax loss. Potential applicants should consult their legal counsel to determine whether it is appropriate to apply for a partial revocation order in such cases.

Issuers may wish to consult their legal counsel to determine whether a particular transaction constitutes a trade (distribution in Quebec). For example, a disposition of securities by way of a bona fide gift, made in good faith and not as part of a plan or scheme to evade requirements of securities legislation, would generally not be considered a "trade" (distribution in Quebec) under provincial and territorial securities legislation. As such, a partial revocation order would not be typically required in these circumstances. However, after the gift, the securities may remain subject to the CTO depending on the terms of the CTO.

(2) Acts in furtherance of a trade

The definition of trade (distribution in Quebec) includes acts in furtherance of a trade or, in Quebec, in furtherance of a distribution. In any particular case, it is a question of legal interpretation whether a step taken by an issuer or other party is an act in furtherance of a trade (distribution in Quebec), and therefore a breach of the CTO. Issuers should consult their legal counsel whenever there is doubt as to whether a proposed action is an act in furtherance of a trade (distribution in Quebec). An issuer must obtain a partial revocation order before carrying out an act in furtherance of a trade (distribution in Quebec).

(3) Continuing effect of CTO

Following the completion of the trades (distribution in Quebec) permitted by a partial revocation of a CTO against an issuer, all securities of the issuer may remain subject to the CTO until a full revocation is granted, depending on the terms of the CTO.

Part 4 Applications

4.1 Application for a full revocation

An issuer requesting a full revocation order should submit an application, with the application fees, to the securities regulatory authorities in all jurisdictions where the issuer's securities are cease-traded. The application should include the following information:

- (a) the jurisdictions where the issuer's securities are cease traded;
- (b) details of any revocation applications currently in progress in the other jurisdictions including the name(s) of the regulators' staff (if known) dealing with the application;
- (c) copies of any draft material change report or news release as discussed in section 3.1 (7);
- (d) confirmation that all continuous disclosure documents have been filed with the relevant securities regulatory authorities or a description of the documents that will be filed;
- (e) confirmation that the issuer's SEDAR and SEDI profiles are up-to-date;
- (f) a draft revocation order; and
- (g) personal information for each current and incoming director, executive officer, insider, control person and promoter of the issuer.

If the promoter is not an individual, the issuer should provide information for each director and executive officer of the promoter.

If the issuer is an investment fund, the issuer should also provide personal information for each director and executive officer of the manager of the investment fund.

The issuer should submit the personal information as set out in Appendix B of National Instrument 44-101 *Short Form Prospectus Distributions*.

All applications for full revocation will result in some level of review of the issuer's continuous disclosure record for compliance. If the CTO has been in effect for more than 90 days, this review will be similar to the full review under the harmonized continuous disclosure review program described in CSA Staff Notice 51-312 *Harmonized Continuous Disclosure Review Program*.

4.2 Application for a partial revocation

(1) General

An issuer requesting a partial revocation order should submit an application, with the application fees, to the securities regulatory authorities in all jurisdictions where the issuer's securities are cease-traded and where the proposed trades (distribution in Quebec) would occur. The application should include the following information:

- (a) the jurisdictions where the issuer's securities are cease-traded and where the proposed trades (distribution in Quebec) would occur;
- (b) details of any revocation applications currently in progress in the other jurisdictions including the name(s) of the regulators' staff (if known) dealing with the application;
- (c) a description of the proposed trades (distribution in Quebec) and their purpose;
- (d) a draft partial revocation order that includes:
 - (i) a condition that the applicant will obtain and provide to the relevant securities regulatory authorities signed and dated acknowledgements from all participants in the proposed transaction, which clearly state that the issuance of a partial revocation order does not guarantee the issuance of a full revocation order in the future; and

- (ii) a condition that the applicant will provide a copy of the CTO and partial revocation order to all participants in the proposed transaction;
- (e) use of proceeds information as discussed in section 4.2 (2), in the case of a proposed exempt financing;
- (f) details of the exemptions the issuer intends to rely on to complete the proposed transactions; and
- (g) if the proposed transactions are the result of a decision by a court, a copy of the relevant court order.

(2) Use of Proceeds

If the purpose of a proposed partial revocation of a CTO is to permit an issuer to carry out an exempt financing, the application and the offering document, if any, should disclose:

- (a) an estimate, reasonably supported, of the amount the issuer expects to raise from the financing; and
- (b) a reasonably detailed explanation of the purpose of the financing and how the issuer plans to use the funds.

The issuer should also provide in the application and any proposed offering document an estimate, reasonably supported, of the total amount the issuer will need to apply for a full revocation order. That amount would include the funds needed to prepare and file the documents required to bring the issuer's continuous disclosure up to date and pay outstanding fees.

Other Information

25.1 Consents

25.1.1 RMM Ventures Inc. - s. 4(b) of the Regulation

Headnote

Consent given to an offering corporation under the Business Corporations Act (Ontario) to continue under the Business Corporations Act (Alberta).

Statutes Cited

Business Corporations Act, R.S.O. 1990, c. B.16, as am., s. 181.

Securities Act, R.S.O. 1990, c. S.5, as am.

Regulations Cited

Regulation made under the Business Corporations Act, Ont. Reg. 289/00, as am., s. 4(b).

IN THE MATTER OF
THE REGULATION MADE UNDER
THE BUSINESS CORPORATIONS ACT (ONTARIO),
R.S.O. 1990, C.B. 16, AS AMENDED (the OBCA)
AND R.R.O. 1990, REGULATION 289/00,
AS AMENDED (the Regulation)

AND

IN THE MATTER OF RMM VENTURES INC.

CONSENT (Subsection 4(b) of the Regulation)

UPON the application of RMM Ventures Inc. (the Applicant) to the Ontario Securities Commission (the Commission) requesting the consent of the Commission to continue into another jurisdiction pursuant to subsection 4(b) of the Regulation;

AND UPON considering the Application and the recommendation of the staff of the Commission;

AND UPON the Applicant having represented to the Commission that:

- The Applicant is a corporation existing under the provisions of the OBCA. The registered and head office of the Applicant is located at 38 Edmund Seager Drive, Thornhill, Ontario L4J 4R9.
- The Applicant is authorized to issue an unlimited number of common shares, of which, as at

November 30, 2006, 3,046,590 common shares were issued and outstanding.

- 3. The Applicant proposes to make an application (the Application for Continuance) to the Director under the OBCA pursuant to section 181 of the OBCA for authorization to continue under the laws of the Province of Alberta (the Alberta Laws).
- The Applicant is an offering corporation under the provisions of the OBCA and a reporting issuer within the meaning of the Securities Act (Ontario) (the Act).
- Pursuant to subsection 4(b) of the Regulation, where the corporation is an offering corporation, the Application for Continuance must be accompanied by the consent of the Commission.
- The Applicant's issued and outstanding common shares are not listed for trading on any stock exchange.
- The Applicant is not in default of any requirements of the Act or the regulations or rules promulgated thereunder.
- 8. The Applicant is not a party to any proceeding or to the best of its knowledge, information or belief, any pending proceeding under the Act.
- The Applicant currently intends to continue to be a reporting issuer under the Act.
- 10. A special meeting of shareholders was held on December 22, 2006 whereby the Applicant sought shareholder approval for the Application for Continuance. A summary of the dissent rights in connection with the Application for Continuance pursuant to section 185 of the OBCA was provided to shareholders on the Company's Management Information Circular.
- 11. At the meeting, a special resolution of the shareholders authorizing the continuance was approved by 99.9% of the votes cast.
- 12. The material rights, duties and obligations of a corporation governed by the Alberta Laws are substantially similar to those of a corporation governed by the OBCA.
- The continuance is proposed to be made in order for the Applicant to amalgamate with PowerComm Inc.

AND UPON the Commission being satisfied that to do so would not be prejudicial to the public interest;

THE COMMISSION HEREBY CONSENTS to the continuance of the Applicant as a corporation under the Alberta Laws.

DATED December 21, 2006.

"Paul Moore"
Vice-Chair
Ontario Securities Commission

"Robert Shirriff"
Commissioner
Ontario Securities Commission

25.2 Approvals

25.2.1 GBC Asset Management Inc. - s. 213(3)(b) of the LTCA

Headnote

Clause 213(3)(b) of the Loan and Trust Corporations Act – application by manager, with prior track record acting as trustee, for approval to act as trustee of pooled funds and future pooled funds to be established and managed by the applicant and offered pursuant to a prospectus exemption.

Statutes Cited

Loan and Trust Corporations Act, R.S.O. 1990, c. L.25, as am., s. 213(3)(b).

December 8, 2006

Torys LLPSuite 3000
79 Wellington St. W.
Box 270, TD Centre

Toronto, ON M5K 1N2

Attention: Marlene J. Davidge

Dear Sirs/Medames:

RE: GBC Asset Management Inc. (the "Applicant")

Application pursuant to clause 213(3)(b) of the Loan and Trust Corporations Act (Ontario) for approval to act as trustee

Application No. 2006/0767

Further to your application dated October 3, 2006 (the "Application") filed on behalf of the Applicant, and based on the facts set out in the Application and the representation by the Applicant that the assets of Pembroke Canadian Growth Fund, The Pembroke U.S. Growth Fund and such other funds as the Applicant may establish from time to time, will be held in the custody of a trust company incorporated and licensed or registered under the laws of Canada or a jurisdiction or a bank listed in Schedule I, II or III of the Bank Act (Canada) or an affiliate of such bank or trust company, the Ontario Securities Commission (the "Commission") makes the following order.

Pursuant to the authority conferred on the Commission in clause 213(3)(b) of the *Loan and Trust Corporations Act* (Ontario), the Commission approves the proposal that the Applicant act as trustee of Pembroke Canadian Growth Fund, The Pembroke U.S. Growth Fund and such other funds which may be established and managed by the Applicant from time to time, the securities of which will be offered pursuant to a prospectus exemption.

Yours truly,

"Harold P. Hands"

"Paul Moore"
